REPORT OF THE DEPUTY MINISTER

OTTAWA, May 1, 1919.

The Rt. Hon. Sir GEORGE E. FOSTER, P.C., G.C.M.G., M.P.,
Minister of Trade and Commerce.

SIR,—I have the honour to present herewith the Twenty-seventh Annual Report of the Department of Trade and Commerce for the fiscal year ended March 31, 1919.

Canada now stands at the threshold of what the world believes will be a long period of peace. No other country can look forward to the future with greater confidence or optimism. A glance backward will bring to the mind the proved resourcefulness which turned Canada within a brief space from a state of ordinary commercial progress into a vast supply depot for the Allies overseas. Having proved the adaptability of the country to the conditions of the world war just closed, Canada now can face the readjustment of peace with the buoyant feeling that the future presents no difficulties greater than those which have gone before.

ORGANIZING FOR EXPORT.

In presenting the annual report of the Department of Trade and Commerce last year the undersigned referred to the German Cartel System and also laid considerable stress upon the opinion that it was imperative that the various industries in Canada should organize upon such basis as would permit unity of effort in the prosecution of foreign trade. The undersigned is glad to be able to report that this suggestion has been received with marked favour and has led to active measures being taken by a considerable number of Canadian industries to combine for the prosecution of foreign trade.

Events in the last few months have but tended to accentuate the importance of this suggestion. Information has been received from many countries that industries generally have formed themselves into permanent organizations for the purpose of vigorously prosecuting foreign trade. These associations have not only been formed to include manufacturers and exporters, but producers as well. The object of these associations has not in any way been political or general, but economic, and confined within the limits of their particular industry. Their functions are not altogether to produce, that remaining with the individual, but to consider and advise among themselves as to all questions affecting such industry, viz., production, finance, distribution, sale and export. Hence the action of Canadian firms is of the highest importance, for it will enable them to compete at least on equal terms with exporting associations of other countries.

THE GERMAN CARTEL SYSTEM.

Such organizations were the basic factors in the extraordinary commercial success of Germany in pre-war days. The German Cartel was not a trust as we know it. The latter is the absorption into one great corporation of many smaller concerns. The cartel was a federated organization which each company

or firm entered willingly and in which each was permitted to exist as a separate concern. The cartel was a co-operative organization for the purchase, sale, and distribution of output. The profits were distributed in proportion to output.

But there were other more important functions of the cartels, which no doubt largely contributed to the expansion of Germany's trade. Many of them maintained institutions for apprentices, testing stations, and laboratories, and furnished sums of money to develop individual industries. Prizes were offered to working men for technical essays. Some of the larger cartels were formed for the purpose of making their industry felt in the preparation of commercial treaties. Many of them interested themselves in various economic reforms, others in foreign exhibitions. Confidential bulletins, in some cases, were distributed among the members, and many maintained departments to assist members with credits. Thus, in all matters affecting the internal and external trade of Germany, the various industries were in a position to furnish the Government promptly with any information it desired with respect to such industries, whereas in Canada, unfortunately, the Department of Trade and Commerce, when it desires any special information, has to resort largely to circulars, which take much time, and the results are frequently disappointing.

UNITED STATES WEBB ACT.

The necessity for organizing for the purpose of meeting foreign competition abroad has been promptly recognized in the United States in the passage last April of what was known as the "Webb Act". This Act permits associations of firms or corporations to engage in United States export trade. It is entitled "An Act to permit Export Trade and for other Purposes." It applies solely to trade and commerce in goods, wares, or merchandise exported, or in the course of being exported from the United States or any territory of the United States to any foreign nation. "Association" is defined in the Act as meaning any corporation or combination, by contract or otherwise, of two or more persons, partnerships, or corporations.

It is clearly provided that any associations formed under the Act shall not enter into any agreement, understanding, or conspiracy, or do any act which artificially or intentionally depresses prices in the United States, or which lessens competition within the United States, or otherwise restrains trade therein.

Every export association is required to register with the Federal Trade Commission, setting forth the location of the officers and the names and addresses of its officers and stockholders or members, and, if a corporation, a copy of its certificate or articles of incorporation and by-laws, and, if unincorporated, a copy of its articles or contract of association. On the first day of January of each year thereafter the same information must be filed with the Federal Trade Commission, as well as any further information which the commission may require.

It has been said that the passage of this Act has been followed by considerable activity among manufacturers of importance in the United States, and a great deal of interest has been manifested in the scope and provisions of the law. A number of associations have been formed quietly so as not to hasten similar action on the part of rival groups of manufacturers. These export associations or organizations were put into readiness to take immediate advantage of the world trade situation the moment peace was in sight.

EXPORT TRADE BACKED BY FINANCIAL STRENGTH.

The passage of this Act means that great organizations will now go after foreign business with strong financial backing without having to meet the com-

petition from other United States exporters, which cannot be escaped by individual exporters under the old export practice. Such organizations will permit United States exporters to undertake the development of foreign markets with a more intelligent understanding of those markets and their needs than they have ever possesssd before.

These organizations immediately began gathering information as to the industrial needs of the markets of the world. The most effective methods of concentrated development of markets are employed, rather than firms relying on their individual effort to obtain commercial information abroad and find a market for their goods. These associations will undoubtedly wield a powerful influence in the exploitations of United States goods.

ADVANTAGES DERIVED FROM CENTRALIZATION.

One advantage possible with such organizations, which is of paramount importance, is that the Government would thereby be enabled to obtain any information desired respecting the output and capacity of a whole industry upon the despatch of a telegram to its central office instead of a delay of many weeks which is necessary to communicate with many separate concerns scattered all over Canada.

Experience of the war has shown conclusively that much valuable time was consumed in trying to obtain the names of manufacturers and others who might be able to supply a certain article, and at times some firms were missed owing to their not having been long in business.

Before the war German firms were required by law to register with the Chamber of Commerce within their district, and the Government, by means of the Cartel System, or through the respective Chambers of Commerce, could quickly get any information desired with respect to a whole industry; and where German foreign trade agents reported contracts to be let or goods required, the Government was in a position to place expeditiously before all firms interested, through such central channels, all information as to goods required abroad.

INDIVIDUAL EFFORT.

While the organization of many industries will result in great advantages in the prosecution of export trade, there are certain lines of manufacture and production which, for various reasons, cannot be said to lend themselves so advantageously to the co-operative idea. Such organization may be thought unnecessary by reason of the financial strength of a company, or possibly impracticable for other reasons peculiar to itself. Such interests may doubtless successfully prosecute an export trade. To such firms, as well as to export associations, the undersigned, after mature consideration, desires to express the opinion that it is of the most urgent importance that they should immediately prepare for the competition which is to come in foreign fields by personally visiting the foreign markets. Not only the heads of such companies, but the most responsible members of their companies, should go abroad, backed with letters of introduction and bankers' references, and personally meet their future customers. Such responsible representatives should be in a position to discuss future business first-hand and not be required to get cable authority from their principals in Canada for every move they make.

Exporters should not expect too much of the Government in the matter of assistance to them in prosecuting export trade. German exporters did not wait for the Government to do everything for them, but they went after foreign trade actively for themselves, and the Government, as Government should, assisted such private efforts.

GERMAN METHODS.

German manufacturers did not build up their vast foreign trade by staying at home and quoting prices "F.O.B. Hamburg", and just as certain is it that Canadian manufacturers cannot increase their foreign trade by staying at home and quoting "F.O.B. Atlantic port" or "F.O.B. Pacific port", while a quotation "F.O.B. Factory" will be waste of postage. There may be exceptions, but only in cases of there being an element of luck present, and they will require more than an element of luck to hold their foreign trade in the future, to say nothing of increasing it in the days of the competition to come.

German exporters did not wait Government declarations of policy regarding export trade; they did not ask what Government assistance they might expect, they went after foreign trade individually, by associations, and by organizations of every conceivable description, with all their financial and commercial might, intelligence, and resources. In forty years Germany rose from an obscure commercial nation to the second position among the great overseas trading nations of the world.

CREDITS.

The establishment of branches of Canadian banks abroad is regarded as a most necessary step in the promotion of Canadian foreign trade. German branch banks in many parts of the world before the war constituted the most important trade link which contributed largely to Germany's commercial success.

One of the prime factors prior to the war in the German method of capturing and holding foreign markets was the system of granting credit. The German banks had become deposit banks, credit banks, and financing companies, or, as one writer described them, "banks of all trades"; even they, by mobilizing into species of cartels, further increased the power of German finance. Such cartels were associated with the Reichsbank, which, as far as its policy was concerned, was synonymous with the German Government.

Within the space of a very few years, German banks were to be found in all the great markets of the world, frequently under a name which in no way identified them with the Fatherland. "Every foreign bank created abroad", as one German writer stated, "is the pioneer of national industry and the initial step in uninterrupted commercial relations between the foreign country in question and Germany." Such banks participated in and carefully nourished German trade in every part of the world. German trade was their first purpose. As collectors of commercial information, financial ratings, trade possibilities, their value was inestimable.

Can it be expected that a Canadian exporter to South America, dealing through a Canadian bank which in turn has to depend on a foreign banking agency in South America, can reap the same advantages as did the German exporter who deposited his bill of lading with a Hamburg bank which in turn forwarded it to its branch in Buenos Aires? Not infrequently was it found that the German banker abroad made offers of his services gratis to foreign houses solely in order to learn their ways of manufacture and their clientele, and then, thanks to German organizations, transmitted the information to his parent bank in Germany.

Thus was the chain between the German exporter and the foreign importer made complete.

CANADIAN BRANCH BANKS ABROAD.

The undersigned therefore views with much interest the extension of Canadian banking systems abroad, and in this connection presents the following summary of Canadian banks outside of Canada as of January 1, 1919, indicating those established since the outbreak of war:—

THROUGH BILLS OF LADING.

For years the Department of Trade and Commerce has been urging Canadian exporters to quote c.i.f. foreign ports, and it now becomes more imperative than ever that every obstacle in the way of Canadian exporters being permitted to make such quotations should be removed.

Prior to the war, German exporters could obtain through bills of lading from interior points in Germany to almost any seaport in the world. This was of inestimable value. A foreign importer will naturally give preference to a quotation placed on his desk indicating without further inquiry on his part what the cost of the goods will be at his sea port of entry. The department understands that prior to the war Canadian railways issued through bills of lading to the United Kingdom, and a limited number of European continental ports. But while this was the general rule, it was not in every case the practice. Owing, however, to the many difficulties which arose during the war, it was impossible to continue this practice.

It now, however, becomes of great importance that the system of granting through bills of lading to foreign ports should be extended to every port in the world to which regular steamship lines may ply from Canada, and if possible it should be extended over connecting lines. The absence, frequently, of such privilege, would, in many cases, prevent the sale of Canadian goods, and cause loss of export trade, to say nothing of the loss to Canadian transportation companies.

ADDITIONAL TRADE COMMISSIONERS.

I would respectfully urge an immediate increase in the number of Canadian Trade Commissioners abroad. It is true that trade conditions at present in nearly every country in the world are more or less abnormal, and much export business for some time to come will continue to be carried on under government auspices and credits. Trade Commissioners, therefore, cannot at present play an important part in Continental Europe under the circumstances, but Canadian Trade Commissioners in new fields might be studying the respective foreign markets, familiarizing themselves with the language and needs of the countries in which they are established, the problems of imports and tariffs, the peculiarities of the people, the methods of packing required, prices and credits, etc., and when trade again returns to normal conditions Canada would have well-equipped representatives in new markets ready to assist exporters in their quest for extended trade.

BUREAU OF INDUSTRIAL PRACTICE.

The undersigned also desires to urge that at least some preliminary consideration be given to the question of the establishment of a bureau of Industrial Practice. Such a bureau could do valuable work in gathering and publishing the best that can be found in industrial policy and practice everywhere. It could guide ideas and suggest specific methods which have proved sound in use, so describing them as to enable any reader to fit them into his factory or shop or selling territory.

Such a bureau would, for example, be of material benefit to a large number of retail establishments in Canada, many of which have instituted systems of their own, which while in a measure answer the purpose, yet may not be economical nor as efficient as others.

Such a bureau could be extended with a view to studying policies and practices adopted, not only in factories and stores, but by farms, manufacturers, wholesalers, and exporters. The establishment of such a bureau would mean evolution, not revolution. Such a bureau would be well worth while if it only assembled and disseminated facts and statistics already available. It would offer at all times constructive assistance to business men. It would aid in eliminating waste in man power, time, material, and overhead cost. It could study the original sources and handling of every commodity, and its most economical distribution. It would at all times be ready to advise as to sound methods of

bookkeeping. Every phase of economical production could be studied, which would doubtless assist in the prosecution of foreign trade.

In brief, it would tend to introduce scientific methods into the details of business. It would locate the points in our marketing machinery where friction, lost motion, and uncorrelated functions are hindering the movements of commodities to consumers.

The question is now brought forward with a view merely to inviting consideration of the subject by Boards of Trade and business men generally in Canada. There may be excellent reasons advanced against the suggestion, and possibly the opinion may be expressed that it would be an unwarranted interference in private interests, yet on the other hand there would be nothing compulsory in connection with such a bureau. It would only offer advice when sought.

WAR WORK OF THE DEPARTMENT.

It may not be amiss, now that the actual signing of the Peace Treaty is near, that a brief review, for the purpose of permanent record, should be published of the many activities engaged in by the Department of Trade and Commerce throughout the period of the war. It is not possible of course, in so brief a review to give an adequate idea of the many anxious days and nights through which the officials of the department had to pass in dealing with the many difficult problems of great moment presented daily to the department for instant action. Comparatively few people are aware of the work which was done by this department during the war, and we take great pride that in no single case has any error of moment been discovered, notwithstanding the fact that the value of the transactions amounted to many millions of dollars.

The principal headings under which the department's war work may be set forth are as follows:—

(*1*) *Apple Advertising Campaign.*

In the fall of 1914, owing to the prevailing reports of the high prices of apples in the markets of this country, and the vast quantities of this fruit which were reported to be lying in the orchards uncared for and unharvested, the Minister of Trade and Commerce undertook to devise some means of interesting the public in the use of apples, in the hope that a demand would be created and the apples saved, and sold at reasonable prices. To this end, an arrangement was made with an advertising agency to prosecute the campaign of advertising the apple and its uses. A large amount of advertising matter appeared in about sixty of the leading newspapers throughout Canada, and the department published and distributed, in both English and French editions, over 60,000 copies of a book of recipes for the use of apples. The demand by the public for this book was unparalleled, and the success of the movement was amply evidenced by the results attained in the sale, at reasonable prices, to the general public of apples which would otherwise have been lost. Many expressions of approval from all parts of Canada were received, and the campaign was an unprecedented success in every way.

(*3*) *Ontario Farmers' Gift.*

The farmers of Ontario having expressed their desire to show their loyal co-operation in the struggle imposed upon the Empire desired to offer some of the produce of their farms to the British Government for war use, and it was arranged that such offerings should be accepted by this department on behalf of the British Government. The latter offered to pay the expenses of collection and transportation of the gifts to England.

A large quantity of produce was forwarded to St. John, and three shipments were made from that port during the winter of 1914-15. Altogether, over 36,000 bags of oats and 2,000 bags of flour were given to the British Government, besides wheat and other cereals, butter, cheese, canned goods, and dried apples. Some contributions were damaged by frost when they were received by the department, and were consequently sold. Some cash contributions were also received from various townships and municipalities in Ontario; the total amount of these, together with the amount realized from sales, was nearly $17,000. The total value of the farmers' gifts was over $90,000, including those sold.

(3) Canada's Gift of Flour.

Immediately after the declaration of war, the Canadian Government desired to present to the people of the United Kingdom 1,000,000 bags of flour, and this gift was gratefully accepted by the British Government. The Department of Trade and Commerce was charged with the duty of dispatching the flour, and paying the accounts in connection therewith. The price paid for the flour was $2.80 a bag, and the last shipment was forwarded to Great Britain on December 1, 1914.

(4) Flour for South Africa.

Early in March, 1915, the South African Government cabled that they desired to obtain 35,000 bags of flour for immediate delivery. The Department of Trade and Commerce called for tenders from the principal flour mills in Canada, and the contract was entered into with the lowest tenderers, The Maple Leaf Milling Company of Toronto, for the delivery of flour in New York. The department arranged for the inspection of the flour at the mill, and the shipments were subsequently sent from New York on March 30 and April 17, 1915. The total amount paid out by the department, which was subsequently refunded to the Canadian Government by the South African Government, amounted to nearly $130,000.

(5) French Army Blankets.

Late in October, 1914, the French Government expressed a desire to purchase blankets in Canada for the French Army, and arrangements to that end were made by the Minister of Trade and Commerce. Orders were given from time to time, aggregating 457,900 blankets, of which the mills delivered 406,716 blankets.

Inspectors were appointed at the various factories, and also at the shipping points, viz., Montreal and St. John.

Owing to the pressing necessity of the French Government to obtain a sufficient number of blankets at the earliest possible date, and as the Canadian factories were working at full capacity, a portion of the order allotted to Canada had to be filled in the United States. The blankets, however, were forwarded to St. John, and shipped thence to France. The total expenses amounted to approximately $1,690,000.

(6) Italian Shirts and Blankets.

In July, 1915, the Knit Goods Manufacturers' Association of Canada brought to the attention of the Government the condition of the knit-goods industry in Canada. Mills producing underwear, sweater coats, and socks were practically idle, and the Premier was requested to have the Allied Governments send representatives to Canada to purchase portions of their military requirements.

Mr. D. C. Carley, of Toronto, was appointed foreign representative for the Knit Goods Association, and went to London in their interests, to secure orders from the Allies. As a result of the negotiations, orders were secured from the

Italian Purchasing Commission, first for 600,000 undershirts, and later on for 100,000 blankets.

It was arranged that the Department of Trade and Commerce should undertake the inspection of the shirts and blankets which were sent from the mills to the Italian Government, and exported via New York. Payments were made by this department to the mills on receipt of invoices covering the shirts and blankets forwarded, accompanied by certificates of inspectors and certificates of arrival at New York.

The total number of blankets made and shipped was 101,974, and the total number of shirts 605,129 and the total expenditure made through the Department of Trade and Commerce by the Italian Government on this account was $1,019,886.84.

(7) *Italian Wheat.*

Early in the autumn of 1915, when it became evident that Canada, in common with the United States and Australia, would have large surpluses of wheat for export, representations were made to the British Government, with a view to interesting it, and the Allied Governments, in the purchase from Canada of at least part of the large quantities they would undoubtedly require. These representations were successful, and on November 23 a cable was received from the British Government ordering a large quantity.

The Canadian Government decided to purchase by way of commandeering through the Department of Trade and Commerce, and instructions were issued on the evening of November 27, 1915, to hold at the disposition of the Government all grain of grades 1, 2, and 3 Northern, which at midnight of that day were in the elevators at the head of the lakes, and in the elevators east of the lakes.

The quantity of wheat commandeered at the head of the lakes was 10,300,348.20 bushels, and in the eastern elevators 3,321,458.30 bushels, the total amount commandeered being 13,621,806.50 bushels.

The situation was complicated by the fact that it was necessary to keep the terminal elevators open, and also to keep flour mills running. In order to keep the terminal elevators open to facilitate shipments therefrom, the Board of Grain Commissioners, acting under the instructions of this department, made loans from the commandeered wheat to the shippers whose wheat had been taken. All of this grain was returned, as agreed, before the close of navigation.

In order to allow a quantity of wheat contracted for through the Hudson's Bay Company for the French Government, and for which chartered vessels were waiting, or arriving, in New York, to be facilitated, 889,082.50 bushels were released on loan, to be replaced at the head of the lakes before navigation closed, and 1,749,715.00 bushels were sold at commandeer prices, to be replaced at Fort William on January 15, 1916.

To permit millers in Ontario, whose grain was commandeered in eastern elevators, to keep their mills running, unconditional releases were made therefrom on evidence of contract being furnished, and security given, that the wheat was to be ground exclusively in their mills, and the quantity released in this manner was 1,736,313.10 bushels.

For a similar reason, additional releases of wheat which was commandeered at Fort William and held in the east were made on similar conditions, amounting to 190,300 bushels.

To provide that bona fide contracts made by exporters with purchasers in the United Kingdom might be facilitated, arrangements were made by which the grain commandeered in eastern elevators was released to exporters on proof of contract, and on condition that it should be replaced in the elevators at Fort William on or before a specified time. The total quantity thus released was 1,536,256.30 bushels.

A total of 118,649.50 bushels were sold to provide the amount required to complete a shipment by the Belgian Relief Committee, and the money received therefor was deposited to the credit of the Allied Commission.

Some 75,075 bushels were released unconditionally to the Scottish Co-operative Wholesale Society, in order to enable them to complete shipments of grain contracted for, to be held in store at the request of the British Government.

The Department of Trade and Commerce had complete charge of the shipping of all this wheat, which amounted to 11,381,399.14 bushels, and was assisted with regard to the loading of steamships by a well known grain firm of Montreal.

An enormous amount of labour was entailed by the department in regard to ocean transport, as it required over sixty ocean steamships to transport the wheat, and the handling of at least seventy-five more, whose sailings were, for one cause or another, cancelled, or which were diverted to other ports, for other purposes of the Allies. No one who has not had experience in the export grain trade can appreciate the work entailed, requiring, as it did, a careful record of every bushel loaded in and out of elevators, in and out of ships and cars, insurance, freight charges, etc.

The transportation of the grain was conducted at a time of great congestion but was conducted so successfully as to lead the British Authorities in charge of this movement in London to despatch a congratulatory cable to the department upon the way in which the grain was being sent forward. The grain was unloaded at various Italian ports, and not a single cargo was lost.

(8) Industrial Diamonds.

Early in 1916, a Diamond Export Committee was formed in London, for the purpose of regulating the despatch of industrial diamonds and Brazilian carbons to various parts of the world, with the object of seeing that they did not fall into the hands of the enemy, or be used in any way to assist the enemy to carry on the war. These goods are extensively used in mining and engineering, and are essential in manufacturing, and a variety of industrial purposes. The enemy was badly in need of supplies of this valuable material, and it was the object of the Diamond Export Committee which sat in London, as being the headquarters of the Diamond Export Trade, to ensure that none of this material reached him.

Industrial diamonds were, of course, needed in considerable quantities in Canada, for the purpose of manufacturing munitions, and for other important industrial purposes. The British Government accordingly asked the Minister of Trade and Commerce to permit all future shipments for Canada, during the period of the war, to be consigned to him.

It was the duty of the Department of Trade and Commerce to receive these diamonds in the Minister's name, and before permitting them to reach the ultimate consignees, to exact a satisfactory guarantee to the effect that such goods would not be used in any way that would assist the enemy.

A system of guarantees was, therefore, put into force for the period of the war, and the import of industrial diamonds into Canada was minutely supervised by this department. The value of such diamonds imported under guarantees was at least $250,000.

(9) Toy Exhibition.

The Department of Trade and Commerce, having been informed by leading department stores and wholesale houses that great difficulty was being experienced in getting toys to replace those of German manufacture, which had been excluded from Canada, as a result of the war, it was decided to hold an exhibition of toys, and a conference, with a view to encouraging toy manufacture in this country. Samples of German toys were secured to show Cana-

dian manufacturers what was formerly imported that might be made in Canada, and arrangements were also made for a display at the same time of American toys and Japanese toys, to show what manufacturers in the United States and Japan were doing.

When the fair opened on March 28, 1916, there were forty-nine Canadian exhibitors, with a most varied assortment of toys of Canadian manufacture. Including the German, American, and Japanese toys, it is estimated that there were about 20,000 toys on exhibition, which occupied the whole of the eighth floor of the Royal Bank Building at Toronto.

The directors of the Canadian National Exhibition at Toronto were so favourably impressed with the Canadian Toy Fair, that they asked the department to arrange for a repetition of it at the Canadian National Exhibition, opening in Toronto on August 26, 1916. The Toy Association responded heartily to the invitation extended to them by the Government, and the second Canadian Toy Fair was as great a success as the first had been.

(10) Canadian Wool Commission.

In the spring of 1917 the Governments of Australia and New Zealand placed an embargo on shipments of wool to Canada. They agreed, however, to send forward orders that were confirmed by the Minister of Trade and Commerce. The Minister consulted the woollen manufacturers and wool dealers of Canada through the Canadian Manufacturers' Association, and at a meeting held in Ottawa on April 18, 1917, a committee was nominated by the meeting to act as an advisory board to the Minister of Trade and Commerce for the importation and distribution of Australian and New Zealand wools. This board received the approval of the Minister, who appointed them to act as a wool commission.

In regard to price, Canada was placed upon the Civil List basis of Great Britain, less 2½d. per pound, which was to compensate for the freight charges to Great Britain. The Civil List was the price fixed by the British Government for wools to the civil trade of Great Britain.

The commission notified the manufacturing trade of Canada, and collected information as to the requirements and capacity of the mills. A great deal of attention was given to see that the wants of the smaller manufacturers were protected, and for this purpose, allotments were made to wool dealers.

The Department of Trade and Commerce requested the Wool Commission to take charge of the importation of wool tops, and the commission was able to have all old contracts with British firms completed. If these contracts had not been secured, there would have been a scarcity of knitting yarn in Canada. The commission afterwards undertook the allocation and distribution of all wool tops that are used in Canada.

All the wool coming from Australia and New Zealand was shipped to Canada to the order of the Minister of Trade and Commerce. On arrival here, it was taken into stock at Toronto, and distributed to the various mills, according to their orders and requirements.

The agents of the Wool Commission in Australia and New Zealand were the Canadian Trade Commissioners in Melbourne and Auckland, who are officers of the Department of Trade and Commerce, and all orders passed through these Trade Commissioners to the Australasian Wool Committees.

A bank letter of credit was established by each Canadian applicant for wool to the order of the Department of Trade and Commerce, covering the value of his allotment. Upon receipt of bills of lading and invoices of each shipment, drafts were made against these letters of credit, and the bills of lading were endorsed by the Department of Trade and Commerce to the consignee, and the proceeds of these drafts deposited with Messrs. J. P. Morgan & Co.,

of New York, to the credit of the British Treasury, at the rate of $4.77 per Sterling pound.

The Wool Commission also made arrangements along similar lines to purchase a certain quantity of tops and noils from Great Britain.

(*11*) *British Priority Assistance.*

On December 7, 1916, a meeting of representatives of the British Overseas Dominions, together with Departments of the British Government, was held in London, with a view to making arrangements for the supply to the various British dominions of urgently necessary articles and materials, which they required, from time to time, from the United Kingdom for war work or essential industries.

Arrangements were made whereby such articles which were already under the control of the British Ministry of Munitions should be released to the various British dominions upon the certificate of local priority authorities, which were shortly afterwards set up in the dominions.

Sir George Foster was asked to name a local priority authority for Canada, and informed the British Government that the Department of Trade and Commerce would undertake the work. This was approved of by the British Government, and the necessary instructions and arrangements were issued and made forthwith.

The first application for priority assistance was endorsed by the Deputy Minister of Trade and Commerce on March 5, 1917, and up to the time when this work was taken over from the department by the newly established Canadian War Trade Board, in 1918, a total number of 1,963 applications were endorsed by this department.

There was a particular shortage of some articles, among which may be mentioned the following:—

(*a*) *Wire Rope.*—As far back as December, 1916, this department had been supporting applications for wire rope from British Columbia logging and mining firms, at the request of the British Government, through the Canadian High Commissioner in London. When in March, 1917, priority applications became necessary for wire rope, such a quantity of applications began to come in that, in view of the shortage of this material in Great Britain, it was found necessary to form a committee to carefully examine every application from British Columbia. At the request of this department a meeting was called by the Vancouver Board of Trade, at which about forty dealers and users of wire rope were present. This meeting appointed an advisory council of three persons, and all dealers were notified that thereafter no applications for wire rope would be endorsed by this department until they had first been approved of by the committee.

Later on reports were made to us by certain interests that it was advisable to have a similar committee in Victoria, and at a meeting of dealers and users held in the Board of Trade offices there, a Victoria committee was appointed. The latter committee, however, had very little to do, having only endorsed eight applications as compared with 183 applications endorsed by the Vancouver committee.

On January 5, 1918, an Order in Council was passed, authorizing the Department of Trade and Commerce to commandeer any stocks of wire rope in Canada, and to appropriate any shipments arriving in Canada thereafter, and to divert such shipments to anyone at the discretion of the Minister of Trade and Commerce.

The department was able to secure for the two wire-rope manufacturing companies in Canada a regular monthly allowance of wire from the United Kingdom, for the purpose of making the higher grades of wire rope.

(*b*) *Linen Thread and Yarns.*—In 1917 there was a great shortage of these materials, and, in short, of linen in every form, owing to the large demand for linen from aeroplane manufacturers. The British authorities consequently notified this department that they would only permit the export of two-thirds of the exports made in 1916, and then only for war work.

A meeting of those interested in this trade was called, and held in this department, and as a result of the meeting an advisory committee was appointed. All applications for linen or flax in any form were required to be sent to this committee first, before being endorsed by the Department of Trade and Commerce.

(*c*) *Ferro Manganese.*—The department had considerable difficulty in obtaining supplies of this material for Canadian steel makers. We availed ourselves of the knowledge and assistance of the technical officers of the Imperial Munitions Board, who rendered considerable assistance in obtaining supplies of ferro manganese, both from Great Britain and the United States.

(*d*) *Anchors and Chains.*—Owing to the large amount of shipping being built throughout the world, a shortage of anchors and chains commenced to be felt about the end of 1917. After that time, applications for these articles, which had heretofore been sent to the Ministry of Munitions, were endorsed by this department, and sent to the British Admiralty, in whose hands the whole matter of the supply of anchors and chains had to be left, leaving them to use their discretion as to what vessels could be supplied, and what vessels had to either go without, or wait for some time.

(*e*) *Bicycle Accessories.*—A considerable shortage existed in these accessories in 1917, and during that year the British Ministry of Munitions appointed a special committee to consider the question. The committee made certain recommendations, which were afterwards carried out, the chief of which were that bicycle parts and accessories were only permitted to be exported for repair purposes, and even then, only a certain percentage of each order was permitted to be filled.

(*f*) *Cable and Telegraph Charges.*—The department incurred, of course, very heavy telegraph bills in connection with all this priority work. Wherever possible, we charged the firms on whose behalf the messages were sent with the cost thereof, and in that way the Government was saved a considerable amount of expense.

(*g*) *Hides from New Zealand and Australia.*—In the spring of 1916, the New Zealand and Australian Governments placed an embargo on the export of hides, on account of the shortage of leather for military purposes.

Arrangements were made by the Department of Trade and Commerce to have all shipments of hides consigned to the Department, which released them to Canadian dealers upon receiving a sworn declaration that such hides were required for consumption in Canada in the manufacture of goods required for military and domestic use, and that in no case would any hides covered by the declaration, or the product thereof, be exported except to Great Britain, or by permission of the Dominion Government.

(*12*) *Tallow from New Zealand.*

In July, 1917, the New Zealand Government requested this department, through our Trade Commissioner in Auckland, to ascertain what quantity of tallow, other than oleomargarine and mutton stock, was likely to be required for military purposes to the end of 1917. The Department of Trade and Commerce made the necessary inquiries, with the assistance of the Imperial

Munitions Board, and it was arranged that the Minister of Customs at Wellington, New Zealand, should submit all applications for the export of tallow to Canada to our Trade Commissioner in Auckland, for his approval, before authorization. Arrangements were to be made by the Canadian importer that the glycerine content of the tallow should be furnished to the Imperial Munitions Board for use in the manufacture of explosives.

(13) Exhibition in Canada of German and Austrian Samples.

At the end of 1915, the British Board of Trade arranged for an exhibition in London and the principal cities in the United Kingdom of some 8,000 articles of German and Austrian Manufacture, each article being tagged, giving the selling price, and the countries in which Germany and Austria found their principal markets. It was suggested by our Canadian Trade Commissioner in Glasgow that it would be most valuable to Canadian manufacturers if this exhibit could be taken to Canada, and shown in some of the principal Canadian cities.

Arrangements were accordingly made by the Department of Trade and Commerce with the British Board of Trade, for a Canadian tour of these samples. Some of them duly arrived in Canada in September, 1916, accompanied by several officials of the British Board of Trade.

The samples were shown in Montreal and Toronto, and manufacturers who desired to have them examined by their expert workmen were able to secure tickets of admission on application to this department. Special rates were arranged on railways by which manufacturers interested were enabled to travel to the point of exhibition at single fare, plus 25 cents. These exhibitions were a great success, and no doubt now that the war is over their effects will begin to be felt.

(14) Export of Military Equipment to the United States.

In May, 1917, the United States desired to purchase, from Canadian manufacturers, a large quantity of uniforms and other equipment for the use of the United States Army and Navy, and it was arranged that the export of these articles should be controlled by this department, with a view to seeing that no such equipment was exported except for the definite purpose of supplying the military needs of the United States. Many thousands of blankets, boots, leggings, and uniforms, haversacks, gloves, and other supplies were shipped to the United States, under the supervision of the Department of Trade and Commerce, which acted in such cases with the co-operation of the Canadian War Purchasing Commission, with a view to seeing that the needs of the Canadian Army were first supplied.

(15) United States Export Licenses, Priority Certificates, and Railway Priority Assistance.

In October, 1917, the United States Government announced that the export of all the most important articles and commodities which could be used for war purposes would be restricted, and only permitted under license. The Priorities Committee at Washington therefore requested the Deputy Minister of Trade and Commerce to meet them, and consult with them in regard to the most effective manner of arranging for the issue of the export licenses for goods urgently required in Canada from the United States for war or other important purposes. Canada was, of course, strongly interested in the question, as she was, at that time, dependent almost entirely upon the United States for some of her most important supplies, notably: steel plates, pig iron, ferro manganese, boiler tubes, and such like articles.

Arrangements were made with the War Trade Board of the United States whereby Canadian manufacturers desiring to import American goods made application for assistance in obtaining an export license to this department. On evidence being produced of the urgent need of the articles required, this department endorsed the application for export license, and sent it to Washington, and, on receipt of the endorsed application from the United States War Trade Board, issued the necessary license.

A little later on, the Priorities Committee at Washington put into effect in many of the largest manufacturing establishments in the United States, a system of priority of manufacture under which goods required for war or other most important purposes were allowed to be manufactured, before goods required for less important purposes. Priority certificates were issued by the Priorities Committee upon the recommendation of the Department of Trade and Commerce.

The British Embassy at Washington rendered valuable assistance both as regards priority certificates and export licenses by detaching a member of their staff, and assigning to him the sole duty of co-operating with the Department of Trade and Commerce, and following up any applications in regard to which difficulties arose.

Later on, when the United States railroads began to be congested, the Railroad Administration found it necessary to place embargoes on large quantities of goods which were not required for war work. In such cases the Department of Trade and Commerce was able to get the embargo lifted, where the goods were urgently needed by Canadian firms for war work. In such cases we received the valuable assistance of the British Embassy in Washington.

A careful record was kept in this department of every application for export license or priority certificates so that we could at all times tell what goods were being received by each importer.

On the establishment of the Canadian War Trade Board, early in 1918, all the above mentioned work was transferred to it.

ECONOMIC COMMISSION TO SIBERIA.

Upon the receipt of notification from the British Government that in connection with the despatch of allied troops to Eastern Siberia His Majesty's Government had undertaken, in concert with the other Allied Governments concerned, to arrange for a supply of goods to relieve the necessities of the Siberian population, a Canadian Economic Commission was sent to Siberia, under authority of Orders in Council passed on the 21st and 23rd of October, 1918.

The commission consisted of Mr. C. F. Just, Chief Canadian Trade Commissioner in Russia, Mr. L. D. Wilgress Canadian Trade Commissioner at Vladivostok, Col. J. S. Dennis, Liaison Officer of the Canadian Siberian Expedition, Mr. Ross Owen, Transportation Officer in Russia of the C.P.R., and Mr. A. D. Braithwaite, of Montreal.

Conditions in Siberia were constantly changing and considerable difficulties were experienced in the beginning, but it was subsequently arranged by Order in Council of the 20th February, 1919, that the Canadian Government should co-operate with the Siberian Supply Company, Limited, which company was established and financially backed by the British Government, it being considered desirable that a strong company should undertake the sale and distribution of goods to bridge over the period of unsettled conditions.

The Siberian Supply Company was established for the purpose of selling goods exported from the United Kingdom, such company purchasing the goods there, paying the transport charges thereon and selling them in Siberia. Arrangements were therefore made with this company to act for the Canadian

Government in the sale and distribution of Canadian goods, the Canadian Trade Commission at Ottawa being authorized to purchase and transport the goods to Siberia, consigning them to the Siberian Supply Company, Limited. Mr. L. D. Wilgress, the Canadian Trade Commissioner in Vladivostok, who is also a member of the Economic Commission was authorized to supervise the operations of the Siberian Supply Company in so far as Canadian supplies were involved. For this purpose an initial credit of $1,000,000 was issued in favour of the Canadian Trade Commission at Ottawa.

The commission referred to, however, in view of the increasing congestion at Vladivostok, difficulties of railway transport and exchange, decided that it was best that they should return to Canada, leaving the matter of Canadian trade for the time being in the hands of Mr. Wilgress and the Siberian Supply Company.

TRADE MISSIONS IN CANADA AND THE UNITED KINGDOM.

Upon the recommendation of the Right Honourable the Prime Minister, an Order in Council was passed on the 7th of November, 1918, establishing a Canadian Trade Mission in London.

The chairman of this mission was empowered to represent the Canadian Government and its various departments and other administrative branches, in negotiations in London, and affairs of an especial economic character, and was also given power to communicate with the Government of the United Kingdom or its departments or other administrative branches, and also with Allied Missions operating in London or elsewhere in Europe, etc. Mr. Lloyd Harris was subsequently appointed Chairman by Order in Council of November 8, 1918.

By a subsequent Order in Council of the 6th December, 1918, on the recommendation of the Reconstruction and Development Committee of the Cabinet, which committee had under consideration the matter of post-war trade, a Canadian Trade Commission was established at Ottawa, Sir Charles Gordon, of Montreal, being appointed chairman; and by an Order in Council of the 10th December Mr. C. B. McNaught, of Toronto, and Mr. Henry B. Thomson, of Victoria, B.C., were added to the commission.

This commission was authorized to operate in co-operation with the Canadian Mission in London or any other agency of the Government of Canada, with the view of promoting Canadian trade, industry and production, and securing the most effective unity of action by such efforts. The commission was empowered to act in the purchase of Canadian productions to be made on behalf of any other Government or Governmental agency, and in the distribution among Canadian producers of any contracts or orders for Canadian productions secured from official sources abroad.

READJUSTMENT OF FEDERAL DEPARTMENTS.

In the readjustment of Federal Departments which took effect on the recommendation of the Committee on Rearrangements and Transfers of Duties in the Public Service, various important branches of the government service were transferred to the Department of Trade and Commerce.

By an Order in Council of the 3rd of June, 1918, the administration of the Trade Mark and Design Act and the Timber Marking Act was transferred from the Department of Agriculture to the Department of Trade and Commerce, together with the officials engaged in the administration of the said Acts, and on the 17th of June, a further Order in Council was passed, transferring to the Department of Trade and Commerce, from the same department, the administration of the law in regard to Patents and Copyrights, together with all the

officials engaged in the administration thereof. The Deputy Minister of that department, who also occupied the position of Deputy Commissioner of Patents, was also transferred under the title of "Solicitor of Patents and Copyrights", retaining his status as Deputy Minister, the Minister of Trade and Commerce, *ipso facto*, becoming the Commissioner of Patents and the undersigned the Deputy Commissioner of Patents.

A further Order in Council was passed on the 3rd of June, 1918, by which the administration of the Gas Inspection Act, the Electric Light Inspection Act, the Weights and Measures Inspection Act, the Adulteration Act, the Commercial Feeding Stuffs Act, the Fertilizers Act, the Proprietary and Patent Medicine Act, and the Inspection of Water Meters Act, which had been administered by the Department of Inland Revenue, were transferred to the Department of Trade and Commerce, together with the officials then charged with the administration thereof, such transfer dating from the 1st day of September, 1918.

THE DOMINION BUREAU OF STATISTICS.

The outstanding event of the past year, statistically, was the enactment in May, 1918, of the Act "respecting the Dominion Bureau of Statistics" (to be cited as the "Statistics Act"), which established the Dominion Bureau of Statistics and inaugurated a new policy and organization for the official statistics of Canada. The Act represents the culmination of plans which had been under consideration by the Government for some time. In brief, it provides, with the regulations thereunder, for the centralization of all purely statistical work of the Government, the bureau being also charged with the duty of collaborating in the collection and compilation of departmental statistics.

The bureau, it will be understood, is an outgrowth of the Census and Statistics Office, and no interruption in general policy is indicated by the passage of the Statistics Act, but rather a crystallization and ratification of plans under consideration since 1915, and in accordance with the recommendations of the Statistical Commission, 1912.

Under the terms of the Statistics Act, an Annual Report will in future be made by the Dominion Statistician, as the officer charged with the supervision and control of the bureau. The first report of this kind outlining the policy and organization of the bureau as completed to date is being issued separately, and reference may be made thereto for information in detail as to the nature and scope of the work.

The main features of that work during the past year may be briefly summarized as follows: Under Order in Council, dated October 12, 1918, the Dominion Statistician was required to report on the statistics of the several departments, with a view to the conclusion of arrangements for their centralization and organization in accordance with terms of the Statistics Act, such report, when passed by Council, to constitute a final arrangement for the statistics in question. A considerable part of the work of the year was connected with the reorganization which this implies.

In addition, however, several important pieces of work were carried out not wholly associated with the above. The organization of annual agricultural statistics, by which a census of acreages and live stock is taken in the month of June, with provincial co-operation, was extended to include all nine provinces, having included only four provinces in 1917. The results are thought to constitute a marked advance upon previous statistical arrangements for dealing with the primary industry of the country. For the inauguration of a system of Vital Statistics, a conference between Dominion and Provincial officials, which was also attended by representatives from the Dominion Insurance and Immigration Departments, the Actuarial Society of America, the Canadian Medical

Association, and the Union of Canadian Municipalities, and other bodies, was held in June, 1918, and drew up a general plan of Dominion and Provincial co-operation, involving the enactment by the provinces of uniform and standard legislation and the establishment of a central clearing-house in the Dominion Bureau. The statistics of imports and exports now issued by the bureau were reorganized during the year in collaboration with the Customs Department, the dual series of reports which previoulsy existed being abolished, and a complete reorganization of the trade classification carried out.

The divisions of the bureau dealing with the Census of Industry and with Internal Trade Statistics were further enlarged, and a beginning made in a systematic treatment of the statistics of public finance. The 1917-18 volume of the Year Book was brought out as a "Jubilee" number, prefaced with a special monograph on the Progress of Canada since Confederation. Another feature of the year was the carrying out in the Population Division of the bureau of the statistical work connected with the Canada Registration Board, the services of the Population Division of the bureau being placed at the disposal of the board for the organization, compilation and tabulation of the work.

With the definite adoption by the Government of a policy of statistical centralization, and the completion of the organization necessary to give effect to that policy, an era of improved statistics in Canada may be expected with confidence. For the Dominion entering upon the era of peace and reconstruction, one of the most important requirements is full and accurate knowledge of her resources and their potentialities for production and trade. This, it is expected, will be supplied by the enlarged and reorganized policy which is typified by the creation of the Dominion Bureau of Statistics.

THE COMMERCIAL INTELLIGENCE SERVICE.

The correspondence of the Commercial Intelligence Branch, which is in charge of Mr. Watson Griffin, steadily increases from year to year. During the greater part of the year 1918 shipping conditions were so unfavourable to individual export trade that the inquiries for Canadian products sent by the Canadian Trade Commissioners and published in the Weekly Bulletin brought forth few offers from Canadian manufacturers. Manufacturers and export merchants found that if they received offers for war supplies for the Allied Governments ship space would surely be provided and payment would be prompt. On the other hand, if they accepted orders from business firms overseas there was no certainty that ship space would be available and in a number of cases when goods were manufactured to fill orders received from South Africa, Australia, New Zealand, and the British West Indies, delivery of the goods was delayed for months owing to lack of shipping facilities. Under such conditions the manufacturers naturally gave a preference to war orders, but nevertheless a number of important orders from private firms were accepted, and the total amount of such business was large.

On the other hand, many manufacturers were interested in getting information about prospects for export trade after the war, and the Trade Commissioners were kept busy making special investigations for Canadian manufacturers. Since the signing of the armistice there has been an extraordinary increase in the correspondence of the Commercial Intelligence Branch. Manufacturers who were formerly indifferent are showing great interest in export trade. Many manufacturers have submitted series of questions to the Commercial Intelligence Branch to be forwarded to the Trade Commissioners for answer.

The Canadian Trade Commissioners in South Africa and Australia pay a great deal of attention to the requirements of various government departments and municipalities. The Commercial Intelligence Branch keeps Canadian

manufacturers informed about them and as a result a number of large orders have been secured during the past year.

Manufacturers and financial men are taking great interest in the Weekly Bulletin which is being carefully read by business men. They watch the Trade Inquiries, read the reports of Trade Commissioners, and frequently write for further information. Many requests come for lists of importers in various countries where Canada has Trade Commissioners.

The short Trade Inquiries published in the Weekly Bulletin are often accompanied by specifications which cannot be published but are sent in private letters to those asking for information. There are also long reports on the financial standing of many of the overseas firms making inquiry for Canadian products.

As an evidence of the great interest taken in export trade since the signing of the armistice it may be noted that more requests have been received from manufacturers for addresses of Trade Inquiries during the first three months of the year 1919 than for the whole of the year 1918.

It is gratifying to find that the leading bankers of Canada are taking a great deal of interest in the work of the Commercial Intelligence Branch. Many letters are received from bankers asking for information. These letters show that the Weekly Bulletin of the Department of Trade and Commerce is being widely read by the bankers of Canada and they are making use of the Commercial Intelligence Service to secure information regarding overseas markets. As the development of Canadian overseas trade depends largely upon satisfactory financial arrangements the interest the bankers are taking in export trade is a matter of national importance.

COMMERCIAL EXHIBIT.

Canadian Trade Commissioners were instructed some time ago to purchase samples of articles in demand in various countries that Canada might supply. Quite a large collection of articles has already been secured and the Trade Commissioners have been instructed to continue making selections. These samples have been placed in the Exhibits and Publicity Building, corner of Kent and Wellington streets, Ottawa. From time to time samples are received with Trade Inquiries for Canadian products, and after the immediate purpose in connection with the Trade Inquiries has been served they are sent to the Exhibits and Publicity Building.

LYONS FAIR.

Mr. W. McL. Clarke, Canadian Trade Commissioner in Milan, Italy, was instructed by the Minister to attend the Lyons Fair in the spring of 1918, and prepare a report. Conditions did not appear to favour Canadian participation in this fair during the war period, but as soon as the armistice was signed Mr. Clarke's report was published in pamphlet form and widely circulated among Canadian manufacturers. At the same time arrangements were made to secure a number of Lyons Fair booths which were offered to manufacturers on the following conditions:—

1. The Department of Trade and Commerce would pay for the booths and the ocean freight charges from St. John, N.B., to Lyons, France.

2. The Canadian manufacturers must pay the railway freight charges from their own factory to St. John, and must agree either to send their own representatives or employ a reliable export agency to represent them at the fair.

The Canadian Manufacturers Association was asked to co-operate with the Superintendent of the Commercial Intelligence Branch in making the preliminary arrangements in Canada. The association accepted the responsibility

of allotting the booths to Canadian manufacturers who made applications for them. Mr. Hughes, Montreal secretary of the Association, who was given special charge of the work of looking after the shipment of manufacturers' samples, afterward went to Lyons at the expense of the Department of Trade and Commerce to look after the interests of the manufacturers exhibiting there.

The President of the Canadian Pacific Railway Company placed the services of Mr. E. R. Bruce, exhibition expert of the company, at the disposal of the Department of Trade and Commerce and he took general charge of the arrangements for decorating the booths and placing the exhibits in position.

Mr. W. McL. Clarke, Canadian Trade Commissioner in Milan, was placed in general charge of the Canadian section of the fair. He had associated with him, Mr. Lang of the Department of Agriculture, Mr. R. R. A. Johnston of the Department of Mines, and Mr. Dalglish of the Department of Mines.

The following departments of the Government made exhibits: Department of Trade and Commerce, Department of Agriculture, Department of Mines, Forestry Branch of the Department of the Interior, and Fisheries Department.

The Canadian Pacific Railway and the Canadian National Railways made fine exhibits which were admired by thousands of visitors.

Fifty-six Canadian manufacturers sent exhibits. Thirty-five sent their own representatives to Lyons, while twenty-one were represented by export agencies.

The Canadian booths were all located in a public square near the business centre of Lyons. They attracted great attention, and it was generally agreed that the Canadian section was the most distinctive feature of the fair.

The orders taken by the Canadian exhibitors totalled millions of dollars but the rigid restrictions which the French government has imposed on imports greatly interfered with business.

An exhibition of Canadian moving-picture films in a hall not far from the Canadian section proved a great attraction.

EXHIBITS AND PUBLICITY BUREAU.

The work of the Exhibits and Publicity Bureau, under the superintendence of Mr. B. E. Norrish, M.Sc., has made considerable progress during the year, particularly in the preparation and distribution of scenic and industrial motion pictures of Canada. The bureau is now equipped with an up-to-date film laboratory for the developing, printing, tinting or toning of motion-picture films, with a capacity of 20,000 feet of film per week.

The pictures prepared during the year consist of films on the following subjects:—

The Shipbuilding Industry of Canada.
The Aeroplane Industry.
The Salmon Fishing Industry on the Pacific Coast.
Mackerel Fishing on the Coast of Nova Scotia.
White Fish Culture and the Fish Hatchery on the Bay of Quinte.
The Forest Protection Service of the Dominion Forestry Branch in British Columbia.
The Maple Syrup Industry of Canada.
Work of the Military School O. S. & P., Toronto.
The Victory Loan.
Funeral of the late Sir Wilfrid Laurier.
Return of the Princess Pat's Regiment.
The Great National Parks of Canada—Banff, Yoho, and Jasper.

These films have been prepared, primarily, for foreign distribution through the Trade Commissioners' offices and the regular motion-picture circuits, for the

purpose of advertising Canada abroad, and they are being circulated in the United Kingdom, the United States, Australia, New Zealand, and France. The department now has in circulation in foreign countries about 350,000 feet of film, which has been exhibited to date to approximately 30,000,000 people.

In addition to the foreign circulation, these films are being released on the regular theatre circuits in Canada. Copies have also been exhibited in all the large centres in Canada before Canadian Clubs, Rotary Clubs, and Boards of Trade by the official lecturer of the Bureau, Mr. D. W. Johnson. Motion-picture films, accompanied by a lecturer, have proved a most effective means of advertising Canada.

In addition to motion pictures, still photographs have been secured of practically all the motion picture views. These photographs are of excellent quality and have been valuable for illustration purposes in the daily papers and monthly magazines, and for lantern slide and transparency displays.

The bureau prepared for the fair held in Lyons, France, from March 1 to 15, 1919, an exhibit consisting of twenty-seven views, enlarged and converted into transparencies, size 11 by 14, together with 150 small transparencies, all of which were coloured. Copies of some of the motion-picture films, about 14,000 feet, were also prepared for exhibition at this fair in a theatre specially engaged for the purpose by Sir George Foster. These films are now being displayed in connection with the Canadian exhibit in Paris.

PRELIMINARY TRADE OF CANADA.

The trade of Canada, according to preliminary returns, for the fiscal year ended March 31, 1919, shows a decrease of $378,492,397, when compared with similar trade in 1918, the decrease in imports amounting to $46,078,415 and in exports to $332,413,982. The decrease in the imports was chiefly due to decreased importation of articles for the Army and Navy, which decreased about $80,000,000, while the decrease in the exports was principally accounted for by decreased exports of cartridges and wheat, cartridges showing a decrease of about $141,000,000 and wheat a decrease of about $270,000,000.

The following table gives a brief summary of the trade of Canada for the past three fiscal years:—

Standards for baking powder, as authorized by Order in Council of 8th March, 1918 (G 1298), were amended by Order in Council of 17th August, 1918 (G 1313).

By Order in Council of 27th December, 1918, twenty-five districts were defined for purposes of inspection under the Adulteration Act, and the inspectoral service was reorganized with a view to greater efficiency. Special attention has been given to making the public aware of our organization for its protection, and to simplifying as much as possible the operation of the Act.

ELECTRICITY AND GAS INSPECTION.

During the progress of the war the inspection work of these services, which is in charge of Mr. Ormond Higman, M. inst. E. E., C.E., etc., Chief Engineer of Gas and Electricity, decreased very materially, due mainly to the difficulty experienced by the Electric and Gas Companies in procuring the necessary help to handle the meters. Since hostilities ceased and help became available there has been a very decided increase in the number of meters presented for verification.

The number of meters tested during the fiscal year 1918-19 is as follows:—

Electricity meters	140,336
Gas meters	73,324
Total	213,660

These figures, compared with the previous year, show a decrease in gas meters tested of 1,812 and an increase in electricity meters of 12,943.

The revenue collected from these services for the fiscal year just closed is as follows;—

Electricity inspection	87,421 25
Gas inspection	55,701 45
Total	$143,122 70

Compared with the fiscal year 1917-18 these figures show an increase of $7,900.90 for electricity and a decrease of $617.60 for gas.

The expenditure for the fiscal year 1918-19 for the combined services amounts to $102,855.58 being a decrease as compared with the previous year of $8,639.96.

While the above figures show an apparent surplus of revenue over expenditure of $40,267.12 on the year's operations, it should not be overlooked that the salaries of laboratory and administrative officers are at present paid out of the Civil Government vote and do not appear under the head of service expenditures.

Taking into account the fact that increases in salaries have been granted to the somewhat underpaid staff of inspectors and their assistants and the further fact that some expenditures will of necessity have to be made on maintenance of equipment, which have been largely withheld during the war, it is estimated that the revenue and expenditure for the fiscal year ending March 31st, 1920, will about balance.

The standardizing laboratories at Ottawa and Vancouver have continued the work of periodically checking the secondary or inspectional standards thus ensuring accuracy in the work of our inspectors. In addition to this the Ottawa laboratory, in spite of 50 per cent of its staff being overseas, has conducted a large number of electrical tests for the War Purchasing Board, the Wireless Branch of the Marine Department and the Department of Public Works. The equipment of the Electric and Gas Standards laboratory at Winnipeg is now proceeding, and it is expected to be ready for work during the ensuing summer.

The checking of our primary electrical standards with the Bureau of Standards primaries at Washington should receive attention at an early date. Such international checking is most desirable in order that accuracy be maintained.

WEIGHT AND MEASURES.

The Weights and Measures Inspection, which is in charge of Mr. E. O. Way, Chief Inspector, is a Federal Service with an extensive outside personnel covering the whole Dominion. Inasmuch as the inspection of weights, measures, and weighing machines is complementary to grain inspection, and particularly to the Inspection and Sales Act, its attachment to this department is most expedient as weights and measures inspectors are able to extend to the public all over the Dominion the protection provided by the Inspection and Sales Act without additional cost. A considerable amount of good work in this direction has already been done within the past two months, and augurs well for the protection of the public against Short Weight in the future.

The service, however, is not self-sustaining, but in this respect is no different from similar services in other countries. The amount of travelling from town

to town and scale to scale in the Dominion is very great, and with the freight and transport of heavy testing equipment over long mileages precludes all possibility of financial advantage unless charges to scale owners were unduly increased. The deficit therefore may be justly accepted as the public's contribution to this protective service.

The revenue and expenditure for the current fiscal year for the ten months ending January 31, are:—

Expenditures, including Salaries	$190,330 35
Revenue collected	114,694 65

The actual operating expenses of the service, apart from salaries, for the above period is $76,819.16, which it will be noted is more than collected under the tariff of fees.

The financial statement, together with statistics showing the complete activities of this service, will be issued in a separate report.

BOARD OF GRAIN COMMISSIONERS.

During the crop year 1917-18 there was, as in the previous year, practically one buyer of wheat, namely, the Wheat Export Company, representing the Allied Governments, and the policy of fixed prices adopted in 1917 was continued during the present year, the fixed price in store at Fort William or Port Arthur being $2.24½ per bushel, basis One Northern.

The crops in Western Canada, more particularly Alberta and western Saskatchewan, suffered severely from frost and wind and drought, to such an extent, in many parts, that the crops harvested were not sufficient to take care of local feed and seed requirements.

The total amount of all grains handled through country elevators in Alberta, Saskatchewan, and Manitoba showed a decrease of approximately 38½ million bushels, as compared with the previous year.

As a result of these several conditions, the licenses issued during the year were nearly three hundred less than 1916-17, on account of country elevators not being opened and commission merchants and track buyers discontinuing operations.

On September 19, 1919, an Order in Council was passed giving the Board of Grain Commissioners authority to license grain dealers in the Eastern Inspection Division under similar conditions to those already applying in the Western Inspection Division. Under this authority over 500 licenses have been issued, the revenue from this source being in the neighborhood of $2,700.

The cars inspected in the Western Division from September 1, 1918, to January 31, 1919, were as follows:—

Wheat	82,377 cars	Flax	1,655 cars
Oats	7,820 "	Rye	779 "
Barley	5,010 "		

Comparing these figures with the corresponding period for the previous year, increases will be noted in barley and rye, but considerable decreases in the other grains.

The total receipts at all elevators in Fort William and Port Arthur from September 1, 1918, to January 31, 1919, were as follows:—

Wheat	79,980,908 bush.	Flax	1,349,552 bush.
Oats	4,434,653 "	Rye	638,904 "
Barley	4,165,441 "		

The same remarks apply in regard to increases and decreases as those noted in connection with the number of cars inspected.

FUEL CONTROL.

During the past year the Fuel Controller's organization was further perfected, and the coal regulations were amended and amplified with a view to decentralization. The provinces were requested to appoint fuel administrators, whose powers and duties were prescribed under the said regulations. Municipalities were also asked to appoint local fuel commissioners who were charged with the responsibility of determining the needs of their respective communities and of controlling local distribution. The system proved very helpful and efficient and relieved the central organisations of a vast amount of detail work.

During the year, the Fuel Controller issued 1,301 licenses to importers of coal, and 5,843 dealers' licenses. The fees for the former amounted to $55,803.40, which will be available as a credit charge against the expense of administration. The fees for dealers' licenses are collected by the provincial authorities under the regulations.

The Fuel Controller secured from the United States Fuel Administration an appropriation for Canada of 3,602,000 gross tons of anthracite coal and 17½ million tons of bituminous coal. The anthracite allotment is considerably below the previous year's domestic consumption, but owing to the cessation of hostilities, followed by decreased industrial coal requirements and the unprecedented mild winter, which very largely reduced domestic consumption, it is expected that Canada will experience no further coal shortage, particularly as all restrictions on coal exports from the United States have recently been definitely removed.

The office of the Fuel Controller was closed on the 31st of March, though for two or three months some of the duties of that officer will be continued to enable the Government to keep in touch with the coal situation.

*A large number of applications for patents were withheld from issue under authority of section 11 of the Orders and Regulations made and established under the War Measures Act, 1914, and to meet the request of the British and United States Patent Offices, where the publication of the patent would be detrimental to public safety or defence, or might assist the enemy. Applications for patents presented by alien enemies were also withheld from issue.

*All patents credited to Germany are those in which the inventors, while residents of Germany, were citizens of countries which were not at war with Great Britain or her Allies, or patents which had been assigned previous to August 4, 1914, to assignees who were not alien enemies.

The total number of reports issued by the examiners during the year was 10,578, and nine patents were surrendered and reissued.

Out of the total number of patents granted by this office during the year, there were 4,569 issued to inventors or assignees resident in the United States, being 75 per cent of the whole issue.

This branch of the department continues to receive the official reports of patents from Great Britain, Australia, New Zealand, The United States, Mexico, Portugal, Italy, France, and Japan in addition to other periodicals of a scientific nature in exchange for the Canadian Patent Office Record.

There were 2,166 patents brought under the conditions of the compulsory license clause, section 44 of the Patent Act.

The number of notices under section 8 of the Patent Act was 459.

On the 6th of March, 1919, a license was granted under the Orders and Regulations respecting patents of invention made under the War Measures Act, 1914, as follows:—

Embargoes

Various embargoes were placed in the different provinces in the West to provide for sufficient supply of good seed grain and also to provide sufficient grain for local consumption other than seed, but at this date all embargoes have been lifted, as seed and mill requirements have been provided for.

Carrying Charge Fund

In order to provide finances to pay carrying charges for street wheat purchased by Line Elevator Companies and in order to stabilize the price of flour a charge of three cents per bushel is collected by the board on all wheat actually ground into flour by Canadian mills, and three cents per bushel on all wheat exported from Canada, from September 1, 1918, to August 31, 1919. Provision was made that as far as possible these charges should be paid before the wheat was permitted to be shipped. The above charge is a reduction of one cent per bushel from last year's assessment.

The rate per bushel paid to the Elevator Companies for carrying street wheat is one-fifteenth of one cent (1/15c) per bushel per day, excepting in areas embargoed by the board, when the rate is one-thirteenth of one cent (1/13c) per bushel per day.

Carrying Charges on Wheat for Mills.

The following carrying charges are allowed by the Board to Mills, viz:—

In Eastern Canadian public or terminal elevators, including Detroit and Port Huron, one-fifteenth of one cent (1/15c) per bushel per day: provided that if the public or terminal elevator in which the said wheat is stored is used as a flour-mill elevator, the carrying charges shall be paid only on wheat held in store by the flour mill, excepting such portion of the wheat as is ordinarily required by the mill for a fortnight's grinding.

In flour mill bins or mill elevator, excepting such portion of the wheat as is ordinarily required by the mill for a fortnight's grinding, one-twentieth of one cent (1/20c) per bushel per day.

On wheat stored in winter storage boats at Eastern Bay ports one twenty-fifth of one cent (1/25c) per bushel per day.

In public terminal elevators at Fort William and Port Arthur at the rate of one-fourteenth of one cent (1/14c) per bushel per day provided that if the public or terminal elevator in which the said wheat is stored is used as a flour mill elevator, the carrying charges shall be paid only on wheat held in store and owned by the flour mill, excepting such portion of the wheat as is ordinarily required by the mill for a fortnight's grinding.

In interior government terminal elevators at Moose Jaw, Saskatoon, Calgary, and Vancouver at the rate of one-eighteenth of one cent (1/18c) per bushel per day.

In flour mill bins or mill elevator, excepting such portion of the wheat as is ordinarily required by the mill for a fortnight's grinding, one-twentieth of one cent (1/20c) per bushel per day.

Administration of the Carrying Charges.

The arrangements with the Lake Shippers' Clearance Association and the Winnipeg Grain and Produce Exchange Clearing Association for the collection and disbursement respectively of the funds of the board have been continued. The board has an audit staff, whose duties are to conduct a continuous audit of the board's affairs.

Handling of the 1918 Wheat Crop.

Under the power vested in the Board by the Order in Council, P.C. 2153, dated 5th December, 1918, under direction of the Board, the Wheat Export Company, instead of taking delivery of wheat at the terminal elevators, Fort William and Port Arthur, accepted delivery of same at the sea board, in other words under the supervision of the board the grain trade purchased the wheat on its arrival at the head of the lakes and shipped same to the seaboard, when they delivered it to the Wheat Export Company.

The grain trade also purchased the wheat at the head of the lakes and shipped it to the Canadian mills in the East as required. The matter of allocating tonnage for the carrying of the wheat from the head of the lakes was left in the hands of the Chartering Committee and a committee of the Shippers and Exporters, at whose request the board appointed a representative to deal with the situation. From September 1 to the close of navigation, 29,000,000 bushels of wheat were actually shipped east for the account of the Wheat Export Company. 25,000,000 bushels of wheat were also shipped to Eastern Canadian mills.

Since the close of navigation the Board of Grain Supervisors for Canada arranged with the various shippers and exporters of the grain trade to purchase all wheat arriving at the head of the lakes, and at the present time some twenty-three million bushels have already been purchased.

Administrative Expenses

The administrative expenses of the board are being taken care of out of the carrying charge fund; these expenses consist of:—

(a) Members' travelling expenses when engaged in the work of the Board.
(b) Salary of the Secretary and staff; the Audit Staff; expenses of the Lake Shippers' Clearance Association; The Winnipeg Grain & Produce Exchange Clearing Association in so far as they are performing the work of the Board, together with their incidental expenses.

The aim of the Board since the armistice was signed has been to remove all restrictions possible from the grain trade, and at present the only restrictions now in force as far as the Board of Grain Supervisors is concerned are the fixed prices as given above and the collection of the necessary charges on wheat exported and wheat ground into flour, and the distribution of the funds for carrying charges.

GOLD AND SILVER MARKING ACT.

Six years ago when the administration of the Gold and Silver Marking Act, which is more especially in charge of Inspector W. J. Ryan was taken over by the Department of Trade and Commerce, some of its clauses were obscure, and many were the interpretations by those who thought that prosecution would be difficult. The timely amendment of these clauses, and the enforcement of the Act in its entirety, had a wholesome effect on the trade as shown by the diminution of prosecutions each year.

In 1913 there were thirty convictions, and in each succeeding year there was a decrease; in 1918 there were but two convictions. The fact of there being only two convictions cannot be attributed to laxity in the enforcement of the Act, but, on the contrary, the trade throughout Canada now is thoroughly conversant with its provisions, and is satisfied that a close scrutiny is being kept to see that its requirements are complied with; and also the great difficulty the trade has had to contend with in importing gold and silver articles, made it more easy for the inspector to keep in touch with almost every article handled by the trade.

During the year there were seventy-five trade marks registered in accordance with the Act; there were also twenty assays made by the Royal Mint, and all but three were found to comply with the Act; as result, two were convicted, and the articles confiscated were sent to the mint, the mint in turn forwarding to the department a cheque for $82.93, the value of the fine gold contained in the confiscated articles.

Apart from the assays made of gold articles, there were seventeen strippings of silver-plated ware, and in connection with these cases, which were principally knives, forks, and spoons, there was no cause for prosecution.

The department has operated at times outside the Gold and Silver Marking Act, in the prosecution of certain dealers, but only in cases where watch movements were involved, and also related to the watch case in the sale of the watch. The Gold and Silver Marking Act applies to watch cases but not to watch movements, and it has so happened that some dealers have misrepresented the watch as a whole, and as the Criminal Code of Canada distinctly specifies that a watch includes the case, it was necessary in order to protect the public to make use of the "False Trade Description Act" of the said code; but in doing so the, Inspector was not obliged to go outside the Jewelry or kindred trades.

Section 14 of the Act has been strictly observed, but several of the trade, especially among the silverware manufacturers, complain of the advertising,

of certain lines being guaranteed to wear for a length of time, in American publications that have a large circulation in Canada; whereas if the same advertisement appeared in a Canadian publication, it would be a contravention of the Gold and Silver Marking Act. In regard to this complaint I am unable to offer any recommendation.

The trade without any exception report the year 1918 the most successful of many recent years, and the only complaint if it may be termed as such, was that they could not meet the demand, and this was made more difficult by the shortage of skilled labour.

MAIL SUBSIDIES AND STEAMSHIP SUBVENTIONS.

The work of the Department in connection with the subsidizing of local and ocean steamship lines is dealt with in a separate report, which is issued as a supplement to the Annual Report of the Deputy Minister.

INSPECTION OF BINDER TWINE.

Mr. J. C. Waddell, Inspector of Binder Twine, calls attention to the past season as one of the most satisfactory in binder twine history. The splendid harvest meant a greater amount of acreage under cultivation, and also meant a greater amount of binder twine required for use in crop production. The twine manufacturers did their part by an increased manufacture of about 5,000 tons of their output. This was done in the face of much shortage of help, and high prices of raw material, which followed under war conditions. The unsettled condition of the Sisal markets and the transportation of fibre to the manufacturing centres were difficult problems, but the manufacturers overcame these difficulties, and gave good service by the increased amount manufactured.

During the past year Inspector Waddell inspected twine in all the principal places, factories, freight shore sheds, and warehouses throughout the provinces, and found the twine of good quality, and all the grades up to the full standard of regulations.

The amount of binder twine manufactured in the calendar year 1918 was 18,247 tons.

CRUDE PETROLEUM.

Mr. J. C. Waddell, who is also a supervisor of Crude Petroleum Bounties, states that during the calendar year 1918 there has been much activity among the oil men of western Ontario, and drilling operations have been carried on more extensively than for many years; the result has been the opening of new oil fields, the most successful being at Glencoe, Mosa township, county of Middlesex; some very large wells have been struck in this field, and the oil is of splendid quality, of about 34 gravity, similar to the Oil Springs and Bothwell oil; this field alone has produced about 109,000 barrels for the year 1918, and a total of 130,000 barrels since it was brought in as an oil district.

Tilbury oil field has also done well, having an increased production of about 15,000 barrels for the year 1918.

The annual production of crude petroleum for some years has been about 200,000 barrels per annum, and the new fields have brought the production for the year 1918 up to 288,760 barrels, or an increase of 83,000 barrels.

Appended hereto is a statement indicating the production by districts.

Respectfully submitted,

F. C. T. O'HARA,
Deputy Minister.

Ottawa, May 1, 1919.

ATLANTIC OCEAN SERVICES

CANADIAN ATLANTIC PORTS AND AUSTRALIA AND NEW ZEALAND.

NEW ZEALAND SHIPPING CO., LTD.

Contract No. 46.
T. & C. File No. 23488.

Vote 158.—Canadian Atlantic ports and Australia and New Zealand, steam service between—

1919-20.. .. .. $140,000
1920-21.. 140,000

Contractors.—New Zealand Shipping Co., Ltd., of London, England. (Canadian address: 213 Board of Trade building, Montreal, Que.)

Contract Dated.—May 5, 1919.

Duration of Contract.—Opening of navigation, 1919, until March 31, 1920.

Service.—Monthly. This is an outward service only, and these steamers do not return to Canada directly.

Ports of Call.—(*a*) During the season of open navigation on the St. Lawrence, from Montreal to the ports, or any two of the ports, of Auckland, Wellington, Lyttleton and Dunedin, N.Z., and the ports of Melbourne and Sydney, Aus., calling at such other ports in New Zealand or Australia as the contractors may desire.

(*b*) During the season of closed navigation on the St. Lawrence, from St. John, N.B., calling at Halifax, and thence proceeding to the ports in New Zealand and Australia mentioned in paragraph (*a*).

Speed and Capacity Required.—10 knots, each ship to be capable of carrying 7,500 tons at 40 cubic feet to the ton.

Subsidy.—$140,000 per annum, payable at the rate of $11,666.66 for each trip.

Cold storage.—Steamers to be fitted with reasonable cold storage accommodation should occasion warrant.

Deduction for Short Cargo.—An average cargo of 5,000 tons on each monthly trip is to be carried throughout the year; and $2 is to be deducted from the subsidy at the end of each year for every ton short of the total measurement or weight which should have been carried upon such number of sailings as may have been performed, based upon the said 5,000 tons per voyage.

Mails.—To be carried free.

Trade Commissioners.—To be carried free.

Government Railway Clause.—Included.

Vote.—Canada and Great Britain, ocean and mail service between—

1919-20	1,000,000
1920-21	No subsidy voted.

Contractors.—The Canadian Pacific Ocean Services, Limited, Montreal, Que.

Contract dated.—December 13, 1916.

Duration of contract.—From the close of navigation on the St. Lawrence, 1916, until the opening of navigation in 1917.

Owing to the uncertain shipping conditions occasioned by the war, this contract was not renewed, but the service was continued under authority of Orders in Council until March 31, 1920, when it was taken over by the Post Office Department. During the 1919 season of St. Lawrence navigation, and the winter of 1919-20, payment for the carriage of mails, eastbound only, was made at the rate of 50 cents for each cubic foot of mails carried, for such sailings from Canada as were utilized by the Post Office Department.

Ports of call.—

1. In Canada—Quebec *or* Montreal in summer, and St. John *or* Halifax in winter, at the option of the contractors.
2. In Great Britain—Liverpool; though the ports of Glasgow or London may be substituted.

Subsidy.—50 cents per cubic foot for the actual quantity of mails carried eastbound only.

CANADA, THE WEST INDIES AND SOUTH AMERICA.

The Royal Mail Steam Packet Company.

Contract No. 9.
T. & C. File No. 24215.

Vote 160.—Canada and the West Indies or South America, or both, steam service between—

1919-20 . . . . . $340,666 66
1920-21 . . . . . 340,666 66

Contractors.—The Royal Mail Steam Packet Company, of London, England.

(Canadian representative: John Allsop, 59 Granville St., Halifax, N.S.)
(Freight and passenger agents: Pickford and Black, Halifax, N.S.)

Contract Dated.—September 11, 1919.

Duration of Contract.—November 1, 1919, to October 31, 1920.

Service and Ports of Call.—Commencing from St. John, N.B., sailing thence to Halifax, N.S., and sailing thence to Georgetown, British Guiana, every fourteen days:—

Calling at the following islands: Bermuda, St. Kitts, Antigua, Montserrat, Dominica, St. Lucia, St. Vincent, Grenada, Barbados, and Trinidad, and returning from Georgetown to St. John, calling at all the aforesaid islands, in reversed order.

This itinerary may be subject to any change which may be mutually agreed upon between the minister and the contractors.

Speed required.—11 knots.

Subsidy.—£70,000 ($340,666.66) per annum, based on payments of £2,692 6s. 2d. ($13,102.56) for each complete round voyage, payable on the last day of each month.

Canadian Trade Commissioners.—To be carried free.

Mails.—To be carried free.

Government Railway Clause.—Included.

Freight charges from St. John to Halifax.—The contractors are required, at their own expense, when so required by consignors, to pay the freight charges by rail from St. John to Halifax on butter, cheese, and fruit intended for shipment by the contractors' steamships.

Delay at Ports.—The contractors must make every reasonable effort to avoid undue delay at Canadian or West Indian ports.

Development of Trade.—The contractors must use their utmost endeavour to develop the cargo and passenger trade between Canada and the British West Indies by means of reasonable advertising and regular solicitation through agents.

Through rates of Freight.—The contractors must use their best endeavours to arrange through rates of freight between inland points in Canada and the various ports of call referred to in this contract in the British West Indies and Central and South America.

Transfer by connecting lines.—As the design of this agreement is to give regular fortnightly communication both ways to all the ports previously mentioned, arrangements must be made for the transport of freight and passengers on all voyages south bound and north bound by transfer to the lines of the contractors' steamers conducting the insular service from and to Trinidad, and at the rates obtaining for the direct service.

No discrimination.—No discrimination of any kind as regards freight and passenger rates may be made in favour of any merchant, shipper or importer in any one of the British colonies referred to herein, as against any other merchant, shipper or importer in the same colony.

Through Bills of Lading.—Through bills of lading must be issued from any Canadian point of shipment to any port in Central or South America, which is a regular port of call for any of the steamships employed or controlled by the contractors on other services, and which make regular connections with the service herein contracted for.

PACIFIC OCEAN SERVICES.

CANADA AND AUSTRALIA OR NEW ZEALAND.

UNION STEAMSHIP COMPANY OF NEW ZEALAND, LTD.

Contract No. 27.
T. & C. File No. 24214.

Vote 162.—Canada and Australia or New Zealand, or both, on the Pacific Ocean, steam service between—

1919-20	$180,509
1920-21	130,509

Contractors.—The Union Steamship Co., of New Zealand, Ltd. (Canadian address: Canadian Australasian Royal Mail Line, 440 Seymour street, Vancouver, B.C.)

Contract Dated.—August 12, 1919.

Duration of Contract.—August 1, 1919, to July 31, 1920.

Service.—Sailing every four weeks. Owing to war conditions, and the fact that only two mail vessels have been permitted by the shipping controller to remain on the service, it has been found impossible to keep up a regular sailing every four weeks during 1918 or 1919; but sailings were made as frequently as was practicable. Each voyage, with one or two exceptions, was extended to Australia, although this was not required by the contract.

Ports of Call.—Vancouver, B.C.; Victoria, B.C.; Honolulu, in the Sandwich islands; Suva, in the Fiji islands; and Auckland, N.Z.

At the contractor's option, each voyage from Canada to New Zealand may be extended to a port or ports in Australia.

The call at Suva is conditional upon the Government of Fiji also continuing their contract for a like period and on the same terms as heretofore, and also upon their maintaining the same charges for light and other dues levied on ships employed in the service.

Speed required.—Duration of voyage is not to exceed 20 days, including one day's detention at Honolulu.

Subsidy.—£37,090 18s. 2d. per annum.

Provided that the contractors shall be entitled to receive such subsidy as the Governments of New Zealand and Fiji may pay towards the service; and also the Government of Australia, should the service be extended to that Commonwealth.

Deductions from Subsidy.—£30 are to be deducted from the amount of subsidy payable on each claim for every complete period of twenty-four hours by which the time occupied in conveyance of the mails between Auckland and Vancouver has exceeded twenty days.

Preference to Canadian Shippers.—No discrimination as regards freight or passenger rates is to be made against Canadian ports, railways, merchants or shippers. Canadian merchants and shippers are to have preference at all times for the carriage of their goods over other merchants and shippers, as far as regards the Canadian connection.

Freight and Passenger Rates.—Freight rates from Vancouver or Victoria to New Zealand shall not exceed the rates charged on similar cargo to New Zealand ports from any United States Pacific coast ports.

Passenger rates from Vancouver or Victoria to Auckland shall not exceed passenger rates during the same period from Auckland to Victoria or Vancouver, and return fares from Canadian ports to New Zealand ports shall not exceed return fares in the opposite direction during the same period.

Mails.—To be carried free.

Canadian Trade Commissioners.—To be carried free.

Contractors.—The Canadian Pacific Ocean Services, Ltd. of Montreal, Que.

Date of Contract.—June 7, 1919.

Duration of Contract.—April 1, 1919, to March 31, 1920.

Service and Ports of Call.—Subsidy is paid for a mail service twice a month in each direction all the year round, between Vancouver, Canada, and Hong Kong, China.

On the voyages in each direction between Vancouver and Hong Kong the steamers must call at Yokohama on every trip, and at Woosung (for Shanghai) on every eastbound trip, and at least once on each alternate westbound trip. They may also call, at the option of the company, at Victoria, Nagasaki, Kobe, Shimidzu and Manila; and at Amoy or other ports in China.

Annual overhaul.—Any of the steamships engaged in this service may be laid off for annual overhaul, provided that substitute steamers are approved of by the Postmaster General of Canada, at or before the time of such withdrawal.

Landing and embarking mails at Shanghai.—The contractors shall supply a small steam vessel at Shanghai for the purpose of landing and embarking mail to and from steamers lying at the anchorage at the mouth of the Woosung River.

Mails.—To be carried free.

Periods of Transit.—All mails conveyed under this contract shall be carried between Canada and Hong Kong, in either direction, as expeditiously as possible under existing circumstances.

Canadian Trade Commissioners.—To be carried free.

Passengers and Freight Rates.—No toll or rate for either passengers or freight shall be charged which discriminates against Canadian passengers, merchants or shippers or against one or more of the Canadian ports on the Pacific Ocean, nor shall such rates for either passengers or freight be in excess of the rates charged on steamships of a similar class from United States ports on the Pacific Coast.

Subsidy.—$375,000 per annum, payable in quarterly instalments.

VANCOUVER AND NORTHERN BRITISH COLUMBIA PORTS.

The Union Steamship Co. of British Columbia, Ltd.

Contract No. 18.
T. & C. File No. 23562.

Vote 168.—Vancouver and Northern ports of British Columbia, steam service between—

1919-20 . . . . . $16,800
1920-21 16,800

Contractors.—The Union Steamship Company of British Columbia, Ltd., Vancouver, B.C.

Date of Contract.—May 14, 1919.

Duration of Contract.—April 1, 1919, to March 31, 1920.

Service and Ports of Call.—Regular sailings throughout the year from Vancouver to Anyox (Granby Bay), on Observatory Inlet, making—

(*a*) Two calls each way each week at Campbell River, Port Hardy and Quathiaska Cove.

(*b*) One call each way each week at Alert Bay, Sointula, Beaver Cove, Shushartie Bay, Namu, Bella Bella, Bella Coola, Swanson Bay, Butedale, Prince Rupert, Port Simpson and Ocean Falls.

(*c*) One call each week at Wadhams, Hartley Bay, Port Essington, Arrandale, Kincolith, Mill Bay, Anyox, Claxton, and, weather permitting, at Suquash.

(*d*) One call one way every two weeks during summer and every four weeks during winter at Smith's Inlet.

(*e*) One call one way every four weeks at Kitimat.

(*f*) During the summer season one call one way each week at Oceanic, China Hat, Lowe Inlet, Rivers Inlet, Schooner Passage, Kumeon and Alice Arm, and every two weeks in winter.

(*g*) During the summer season only one call one way every two weeks at Kimsquit.

Under the present service to Bella Coola by the steamer making that place the terminal, one call per week suffices. If calls are made by the steamer operating through to Prince Rupert calls must be made each way each week. It is understood and agreed that the two calls each way each week at Port Hardy are conditional upon the Government float being installed at that port; otherwise one call each way each week will be sufficient.

Speed required.—Not stated.

Subsidy.—$16,800 per annum, payable quarterly in July, October, January and April.

Mails.—To be carried free. The contractors further agree to carry the mails to and from all ports at which they call, whether such call be stipulated in the agreement or not.

Government Wharves.—Steamers must call whenever possible.

HALIFAX, CANSO AND GUYSBOROUGH.

HALIFAX AND CANSO STEAMSHIP CO., LTD.

Contract No. 30.

T. & C. File No. 23421.

Vote 178.—Halifax, Canso and Guysborough, steam service between—

1919-20 . . . . . $5,000
1920-21 5,000

Contractors.—The Halifax and Canso Steamship Co., Ltd., of Halifax, N.S.

Date of Contract.—April 26, 1919.

Duration of Contract.—April 1, 1919, to March 31, 1920.

Service.—Weekly, all the year round, between Halifax and Guysborough.

Ports of Call.—Calling on all voyages each way at Canso, Whitehead, Drumhead, Isaac's Harbour, Goldboro, Port Beckerton and Port Hilford; and calling on all outward voyages at Half Island Cove and Queensport; calling fortnightly during open navigation on outward voyages at Country Harbour and Boylston; and during the months of January and February at Port Dufferin and Moser's River.

From January 15 to March 31 a fortnightly call only need be made at Guysborough, Queensport and Half Island Cove.

Capacity of Steamer.—The steamer employed is guaranteed to have a cargo capacity equal to 2,500 barrels, with passenger accommodation for 40 passengers, electric lighted throughout and fitted with adequate refrigeration for the carriage of fresh fish.

Laying off Steamer.—The steamer may lay off for refitting two trips in each year, at such time or times as will least interfere with the requirements of the service.

Government wharves.—The steamer must call whenever possible.

Subsidy.—$5,000 per annum, payable quarterly in July, October, January and on the completion of the service.

Mails.—To be carried free.

HALIFAX AND LAHAVE RIVER PORTS.

THE WESTERN STEAMSHIP CO., LTD.

Contract No. 67.
T. & C. File No. 23914.

Vote 175.—Halifax and LaHave River Ports, steam service between—

1919-20 . . . . . $4,000
1920-21 4,000

Contractors.—The Western Steamship Co., Ltd., Halifax, N.S.

Date of Contract.—July 24, 1919.

Duration of Contract.—Opening of navigation, 1919, to March 31, 1920.

Service and Ports of Call.—Leaving Halifax once each week, calling at La-Have, Riverport, East LaHave, Pleasantville, Conquerall Bank and Dayspring, and returning to Halifax, calling at the aforesaid ports.

During the winter months, when the LaHave river is frozen over, calls at Pleasantville, East LaHave, Conquerall Bank and Dayspring may be omitted.

During the months of January and February calls at any of the said ports may be omitted if ice conditions prevent their being made. The Minister, however, reserves the right to call upon the contractor to restore the service, as performed in former years, to Tancook Island and way ports, if there should be sufficient demand for it.

Government Wharves.—Steamers must call whenever possible.

Subsidy.—$3,000 per annum, payable in quarterly instalments on the last days of June, September, December and March. If the service to Tancook Island and way ports should be restored, an additional subsidy shall be payable at the rate of $20 for each round trip, or not more than $1,000 for a maximum of fifty round trips during the period covered by this contract.

Mails.—To be carried free.

Withdrawal of steamer for repairs.—The steamer may be withdrawn from the service for a total period of fourteen days, if required, for necessary repairs.

Vote 176.—Halifax and Spry Bay and ports in Cape Breton, steam service between—

1919-20	$4,000
1920-21	4,000

Contractors.—Halifax and Sheet Harbour Steamship Company, Ltd., 234-246 Hollis Street, Halifax, N.S.

Date of Contract.—June 9, 1919.

Duration of Contract.—April 1, 1919, to March 31, 1920.

Service.—Weekly, all the year round.

Ports of Call.—Halifax, Jeddore, Owl's Head, Tangier, Pope's Harbour, Ship Harbour, Sheet Harbour, Sober Island, Spry Bay, St. Peter's, Arichat, West Arichat, Poulamond and L'Ardoise; as well as such other ports or places between the above terminal ports as may be required by the Minister.

(*a*) The call at Pope's Harbour is at the discretion of the contractors.

(*b*) The call at L'Ardoise may be omitted in January, February and March.

(*c*) During the month of February the contractors have the option of omitting calls at St. Peter's, Arichat, West Arichat and Poulamond; and also during parts of the months of January and March, provided satisfactory proof can be shown the Minister that the steamer was prevented from calling at these ports on account of ice conditions.

(*d*) A fortnightly service to Marble Mountain shall be performed during the season of open navigation.

(*e*) Through bills of lading shall be issued by the *Margaret* between Halifax and all ports in the Bras d'Or Lakes and on the eastern coast of Cape Breton called at by the *Arcadia* during the present season.

Subsidy.—$4,000 per annum, payable in four equal instalments in July, October, January and April.

Government Wharves.—Steamer must call whenever possible.

Time for repairs.—Three weeks are allowed during the year for Government inspection and annual overhauling.

HALIFAX, SOUTH CAPE BRETON AND BRAS D'OR LAKE PORTS.

HENDRY, LTD.

Contract No. 66.
T. & C. File No. 23708.

Vote 177.—Halifax, South Cape Breton and Bras d'Or Lake Ports, steam service between—

1919-20..... $6,000
1920-21..... 6,000

Contractors.—Messrs. Hendry, Ltd., Halifax, N.S.

Date of Contract.—July 7, 1919.

Duration of Contract.—From the opening to the close of navigation in 1919.

Service and Ports of Call.—Passengers and freight shall be conveyed between Halifax and St. Peter's by the steamers *Margaret* and *Strathlorne*, and shall be transshipped at St. Peter's to and from the *Arcadia*, for the purpose of proceeding to or from the under-mentioned points in the Bras d'Or lakes, and on the east coast of Cape Breton. The *Arcadia's* service shall be as follows: (*a*) Two round trips each month from St. Peter's, N.S., to Sydney, through the Bras d'Or Lakes, calling at all ports on

the west side of the lakes at which freight is offered, or is to be delivered, including Grand Narrows, Iona, Baddeck, Whycocomagh, Little Narrows, Nyanza, Boularderie Centre, Boularderie, Marble Mountain, West Bay and Washabuck Centre.

(*b*) One round trip each month from St. Peter's to Sydney, calling at all ports at which freight is offered, or is to be delivered, on the east side of the lakes, including Johnston's Harbour, Irish Cove, Big Pond, East Bay, Castle Bay and Grand Narrows.

(*c*) One round trip shall be made each month from St. Peter's to Sydney, calling at North Sydney, Glace Bay, Port Morien, Mainadieu, Louisburg and Gabarous.

(*d*) The last two trips of the season are to be made from St. Peter's to Gabarous, Louisburg, Mainadieu, Port Morien, Glace Bay, North Sydney, Sydney, Baddeck, Grand Narrows and Iona.

(*e*) Through tickets for passengers and through bills of lading for freight shall be issued between Halifax *via* the *Margaret* and *Strathlorne,* and the above mentioned ports in the Bras d'Or Lakes and on the East Coast of Cape Breton.

(*f*) If, during the early spring and late fall, the steamers *Strathlorne* and *Margaret* have their full complement of freight, and are unable to carry the additional freight required to and from the *Arcadia,* the contractors agree to supply an additional steamer between Halifax and St. Peter's, for the purpose of carrying the surplus of the *Arcadia's* freight.

The calls at Mainadieu are to be conditional upon the weather permitting. Calls at Glace Bay shall not be made unless, in the opinion of the Minister, it is safe for the steamer *Arcadia* to call at this port.

Government Wharves.—Steamer must call whenever possible.

Subsidy.—$6,000 per anuum, payable in four instalments of $1,500 each.

Mails.—To be carried free.

Service.—Daily (Sundays excepted).

Ports of Call.—Port Mulgrave and Canso, N.S.

Withdrawal for Repairs.—The steamer *R. G. Cann* may be withdrawn for repairs for one month in each year. During such withdrawal the service shall be performed by such steamer other than the *Malcolm Cann* or the *Percy Cann* as may be approved by the Minister.

Wind and Ice.—In the event of any trip or trips being missed on account of wind, fog, snow or ice upon satisfactory evidence being submitted to the Minister, he may direct that no deduction be made from the subsidy otherwise payable for the trip so missed.

Government Wharves.—Steamer must call whenever possible.

Subsidy.—$9,500 per annum, payable in quarterly instalments in July, October, and January, and upon the completion of the service.

(*a*) One-quarter of the subsidy otherwise payable shall be deducted when the contractors fail to make connections with the Intercolonial Railway at Mulgrave for both eastbound and westbound traffic in summer, and westbound traffic in winter, in sufficient time to permit of the transfer of passengers, mails and express shipments; but such penalty shall not be inflicted when the contractors are able to satisfy the Minister that the connection has been missed owing to wind, fog, snow or ice.

(*b*) $500 of the subsidy shall be deducted should the contractors not place on the said route a substitute steamer other than the *Malcolm Cann* when the *Robert G. Cann* is taken off the said route for repairs as hereinbefore stipulated.

Mails.—To be carried free.

Distance.—Canso to Mulgrave, 24 miles.

SESSIONAL PAPER No. 10a

QUEBEC, MONTREAL AND THE NORTH AND SOUTH SHORES OF THE GULF OF ST. LAWRENCE AND PRINCE EDWARD ISLAND, NOVA SCOTIA AND THE MAGDALEN ISLANDS.

The Gulf of St. Lawrence Shipping and Trading Co.

Contract No. 76.
T. & C. File No. 22074.

Vote 187.—Quebec, Montreal and ports on the North and South Shores of the Gulf of St. Lawrence, steam service between: including steam service between Quebec, Natashquan and Harrington, steam service between Montreal and Paspebiac, and steam service between Pictou, Souris and the Magdalen Islands—

1919-20	$70,000
1920-21	70,000

Contractors.—The Gulf of St. Lawrence Shipping and Trading Company, Ltd., of Quebec, Que.

Date of Contract.—November 20, 1918. (Authorized by Order in Council of October 2, 1918.) Amended by Supplementary Contract dated June 25, 1919.

Duration of Contract.—From the opening of navigation, 1919, to the close of navigation, 1923.

Service and Ports of Call.—(1) Montreal and Paspebiac service.

Two round trips each month from Montreal to Paspebiac, calling both ways at Cap Chat, Ste. Anne des Monts, Mont Louis, Grande Vallee Chlorydomes, Fox River, Griffin Cove, Anse à Louise, Grande Greve, Douglastown, Gaspé Basin, Mal Bay, Perce, Cape Cove, Grande Riviere, Chandler, Newport and Port Daniel; and calling once each round voyage, either on the up or down trip, at Mechins, Marsouins, Martin River, Claude River, St. Antoine, Magdalen, Petite Vallee, Pointe Fregate, St. Yvon (Point Seche), Grand Etang, Anse à Valeau and Pointe Jaune.

(2) Quebec and North Shore service.

(*a*) Two round trips each month from Quebec to Harrington, calling each way at Godbout, Trinity Bay, Egg Island, Pentecost, Seven Islands, Clarke City, Rivière aux Graines, Sheldrake, Thunder River, Magpie, St. John River, Long Point, Mingan, Esquimaux Point and Natashquan, and also calling at Piastre Bay, provided that suitable range lights be placed by the Government at this place.

(*b*) Two round trips each month from Quebec to Natashquan, calling each way at Bersimis, Godbout, Trinity Bay, Egg Island, Pentecost, Seven Islands, Clarke City, Rivière aux Graines, Sheldrake, Thunder River, Magpie, St. John's River, Longue Pointe, Mingan, Esquimaux Point and Piastre Bay, provided that suitable range lights be placed by the Government at the last-named place.

The above-mentioned services are to be run during the season of navigation on the St. Lawrence, in each of the years 1919 to 1923, both included.

(3) Two round trips each week between Pictou, Souris, and Amherst, Grindstone and Pointe Basse in the Magdalen Islands, calling at Grand Entry once each week, and at Etang du Nord once every two weeks, and calling at Bryan Island once each month in June, July, August and September. All the aforesaid service is to be maintained from the opening until the closing of navigation at the Magdalen Islands in each year from 1919 to 1923, both included. In case navigation closes at Pictou before it closes at the Islands, some port in Cape Breton, to be approved by the Minister, shall be substituted for Pictou. Calls at Grand Entry will not be required after the end of September in each year.

Subsidy.—$70,000 per annum, divided as follows:—

(1) Quebec and South Shore service: $1,428.57 per round trip for 14 round trips, the total amount to be not more than $20,000 per annum: provided that during the 1919 season, while the steamer *A. Tremblay* is being employed, the subsidy shall be $1,000 per round trip.

(2) Quebec and North Shore service: (*a*) $1,428.57 per round trip for 14 round trips between Quebec and Harrington, the total amount to be not more than $20,000 per annum.

(*b*) $714.28 per round trip for 14 round trips by the steamer *Guide* between Quebec and Natashquan, the total amount to be not more than $10,000 per annum.

(3) Magdalen Islands and the mainland service: $20,000 per annum, payable in equal instalments.

Mails.—To be carried free.

Delays at Wayports.—If, at any port where boats are used for loading and discharging freight, such boats do not come out to the steamer within 30 minutes after the said steamer has anchored, the steamer shall be at liberty, at the captain's discretion, to proceed on her voyage. Notice of arrival must be given by steam whistle or otherwise at the time of anchoring.

From 1907 to 1913 the service was performed by Bouchard Bros., Quebec over part of the route covered by the present contract, between the ports of Quebec and Gaspé Basin.

The *Lady of Gaspé* was wrecked on October 13, 1915, after performing twelve trips. The remaining three trips were run by the *Percesien*, of the Gaspé and Baie des Chaleurs Steamship Company, who received $1,700 for the service.

The steamers *Percesien* and *Gaspesien* were sold by the contractors towards the end of October, 1917.

During 1918 the service was performed by Ulric Tremblay, of Quebec, Que.

Previous to 1919 the service contracted for was from Quebec to Gaspé Basin; in 1919 it was from Montreal to Paspebiac.

Vote 191.—St. John, Digby, Annapolis and Granville, steam service between, viz.: along the west coast of the Annapolis basin—

1919-20 . . . . . $2,000
1920-21 2,000

Contractors.—The Valley Steamship Co., Ltd., of Granville Ferry, N.S.

Date of Contract.—June 14, 1919.

Duration of Contract.—April 1, 1919, to March 31, 1920.

Service and Ports of Call.—A weekly service between St. John, N.B., Annapolis Royal and Granville Ferry, N.S., calling on all trips both ways at Victoria Beach and Littlewoods Wharf (opposite Goat Island), and when tide and weather will permit continuing such trips to Granville Centre, with the privilege on the part of the contractors of further extending the route to Bridgetown, N.S.

During the winter months, in case the ice will not permit the running of the vessel up the Annapolis basin and river, the trip from St. John shall be allowed to terminate at Digby.

Repairs.—The contractors have the right at any time to withdraw the steamer for a period of two weeks, and also in addition thereto for a period not exceeding 14 days, for the purpose of inspection or repairs, and may also replace it with another steamer subject to the approval of the Minister.

Government Wharves.—Steamer must call whenever possible.

Mails.—To be carried free.

SUPERVISION OF SUBSIDIZED STEAMSHIP SERVICES.

Vote 197.—Expenses in connection with the supervision of Subsidized Steamship Services—

1919-20	$3,500
1920-21	4,000

By Order in Council of April 10, 1912, Mr. W. E. Tupper, of Digby, N.S., was appointed Supervising Officer of Subsidized Steamship Services. His salary is $2,000 per annum, and he is allowed the usual travelling and other contingent expenses.

In December, 1916, Mr. Tupper enlisted for active service overseas. He returned to Canada in 1918, and resumed his position as supervising officer on January 1, 1919.

The Supervising Officer's Annual Report is as follows:—

DIGBY, N.S., March 12, 1920.

F. C. T. O'HARA, Esq.,
Deputy Minister, Trade and Commerce,
Ottawa.

DEAR SIR,—I beg to submit my report on Subsidized Steamship Services for the year ending December 31, 1919. During the year I travelled over 5,000 miles by water and inspected 31 services. Two of this number were twice inspected and six were the subject of special investigation.

Taking into consideration the conditions produced by the war, the services, with few exceptions, were satisfactorily performed and well maintained. Masters of steamers (in whose hands the satisfactory performance of a service so largely rests) appeared to have due appreciation of their responsibilities to the travelling public and the inhabitants of the ports served; accommodations were found to be clean and adequate, and the food of good quality, well cooked and served.

Your supervisor desires to draw attention to the fact that in many of the districts served by coastal steamers the impression prevails that should a more suitable steamer be required to perform a service, and in the event of none being available, it is the duty of this Department to either build or commandeer one. This is, of course, an erroneous impression. While this Department endeavours to increase the efficiency of the local services and, to that end, is constantly on the lookout for more suitable steamers, it does not appear to be generally understood that this Department cannot proceed further than to call for tenders from steamship owners.

During the war this Department was seriously handicapped in its attempts to procure more suitable steamers, in cases where such were required. The chief difficulties were, first, scarcity of suitable boats, and second, the disinclination of costal steamboat owners to contract for services, owing to the greatly increased cost of steamship operation. The first difficulty was the more serious. The supply of boats available for the performance of subsidized steamship services may be said to depend upon the output from local shipyards. About 90 per cent of the steamers of a class suitable for employment on subsidized lines are recruited from local shipyards; that is to say, these boats are built by companies which propose to employ them under contract with this Department, or fall into the hands of prospective contractors shortly following their completion. To illustrate one of the difficulties with which this Department has been forced to contend during the last five years, the following figures are significant.

At the close of 1918 there were 26 steamers performing subsidized services on the Nova Scotia coast. Of this number, 18 were built in Nova Scotia between the years 1905 and 1914, inclusive, while between 1914 and the signing of the armistice only one vessel was launched. I am referring, of course, to the type of steamer suitable for employment on local services.

For the year 1919 there were 33 steamers subsidized by this Department for the performance of freight and passenger services in the coastal waters of the provinces of Quebec, New Brunswick, Nova Scotia, and Prince Edward Island (this number includes two services performed between Nova Scotia and Newfoundland). These services may be summarized as follows—

Services	between	way	ports	in	Nova Scotia.. 17
"	"	"	"	"	" New Brunswick.. 3
"	"	"	"	"	" Quebec.. 1
"	"	"	"	"	" Prince Edward Island.. 1
"	"	"	"	"	" Nova Scotia and New Brunswick. 6
"	"	"	"	"	" Quebec and New Brunswick.. .. 1
"	"	"	"	"	"*Quebec and Nova Scotia.. 1
"	"	"	"	"	" Nova Scotia and Prince Edward Island.. 1
"	"	"	"	"	" Nova Scotia and Newfoundland. 2

*Magdalen Islands.

Of the steamers performing the above services 27 are suitable to requirements, possessing ample carrying capacity and having adequate accommodation for passengers.

Owing to conditions which may be said to be directly attributable to the war, the following services were more or less unsatisfactorily performed during the season of 1919.

Quebec and Gospe Basin. The contractors for this service were unable to procure a suitable boat, consequently this Department was compelled to sanction the employment of a steam schooner. There is a heavy freight and passenger traffic on this route, which this vessel was unable to handle. She will, however, not be permitted to resume this service next season, and the contractors have undertaken to replace her with a suitable boat.

Baddeck and Iona, Sydney and Whycocomagh services. The steamers performing these services were built in 1887 and 1876 respectively. During the last few years this Department has made strong endeavours to replace these boats, not only for the reason that they have approached the end of their usefulness, but also because neither steamer is able to cope with even moderate ice conditions. A short time ago a call for tenders for the Baddeck-Iona service was issued, but as the previous contractors were the only ones who made application this Department was compelled to renew the contract for a service with the steamer which had been previously employed. It is hoped, however, that a more suitable steamer will be procured for the season of 1921.

The contractors for the Sydney-Whycocomagh service have for some time been attempting to obtain a more adaptable boat for the route, but owing to general conditions, and owing also, to the fact that this service requires a steamer possessing somewhat unusual qualities, their efforts were unsuccessful. This Department has been lately informed, however, that a suitable steamer may be available for 1921.

Mulgrave-Guysboro service. In 1918 the company which had satisfactorily conducted this service for many years, refused to renew their contract. As there appeared to be no suitable boat available this Department was compelled to employ a steamer which although able to satisfactorily perform the service during the season of open navigation, was not of a type that permitted her to cope with the severe ice conditions existing during the winter months. A substitute steamer was procured; very unfortunately, however, she failed to pass inspection on two separate occasions, with the result that there has been no service on this route for several weeks. There is some cause to fear that great difficulty may be experienced in procuring a suitable steamer

for the season of 1920. The same conditions may also apply in the case of the Petit de Grat and Intercolonial Terminus at Mulgrave service; the contractor who has for many years operated this service having disposed of his steamer.

Your supervisor has reason to believe that the inhabitants of coastal ports fail to appreciate the difficulties encountered by this Department in connection with procuring suitable steamers for the performance of subsidized services. Even under normal conditions it was frequently very difficult to obtain boats suitable in all respects to the individual requirement of the routes. During, and since, the war, however, it has been practically impossible to procure boats of any description.

In view of the fact that there is a yearly decrease in the number of steamers available for the purposes of this Department, and in further view of the fact that there are, at the present time, services which are suffering on account of this shrinkage, it is within reason to predict that should there fail to be a revival of the building of coastal steamer of a certain class within the next year or two, there will not only be a marked deterioration in the quality of a number of the services but in some cases it may lead to the abandonment of a service of any description.

I have the honour to be, Sir,
Sir,
Your obedient servant,

W. E. TUPPER,
Supervisor.

SOME CLAUSES COMMON TO ALL CONTRACTS.

NOTE.—Some of the principal sections common to all contracts, and as such hereinbefore frequently referred to, read as follows:—

Proof of Performance of Service to be Furnished.

The contractors shall furnish and establish at their own expense the necessary agents required for the efficient performance of this contract, and shall with diligence as soon after the completion of each voyage as may be, furnish to the minister full and complete copies of the manifests of the cargoes and lists of passengers carried on each voyage, duly certified by the proper officers of customs, and also such other documents, information and evidence as may be reasonably required by the minister to

show the volume, extent and value of the trade carried on by the said steamers and the full performance on their part of services, requirements and conditions of this contract, in order to enable him to judge as to whether the terms of this contract have been or are being fully and faithfully carried out and complied with, within the true intent and meaning thereof, and his decision in that respect shall be binding, final and conclusive; and the furnishing of such certificates, documents and evidence as hereinbefore specified shall be a condition, precedent to the payment of the subsidy herein provided for, or any portion thereof, and if in the opinion of the Minister, all the terms of this contract have not been fully complied with by the contractors, he may deduct from the subsidy otherwise payable such portion thereof as he may deem fit and proper, taking into consideration all the circumstances connected therewith, and the contractors shall at all times during the continuance of this contract well and faithfully abide by and conform to all such requirements as may be made by the minister with regard to the said steamers in the performance of this contract.

Financial Statements.

It is further understood and agreed that the contractors, whenever so required, shall furnish the minister with such financial statement or statements as he may desire from time to time respecting all revenues derived from and all expenditures in connection with the conduct of the service herein provided for.

British Subjects.

It is further understood and agreed by the contractors, that two-thirds of the total number of officers, engineers, stewards, crew or other employees whatsoever upon the steamships engaged in the performance of the service herein contracted for, shall be British subjects, but the non-observance of this clause shall not constitute a violation of this contract in such individual cases as may from time to time be approved by the minister in writing.

Equipment of Steamers.

The steamers to be employed as herein specified, shall at all times during the continuance of this contract be fully seaworthy, well-officered, manned, victualled, equipped, provided and furnished, having regard to the service which the contractors have hereby undertaken to perform; and shall have ample and suitable accommodation for the passengers, mails and freight to be carried over the route specified; and shall at all times, carry boats and life-saving appliances in compliance with the law, and shall be in all respects to the approval of the minister.

Carriage of Mails.

The contractors shall during the performance of this contract, convey on each and every trip of the steamers performing the aforementioned services, both on outward and homeward voyages, all such mails as shall be tendered to the proper officers or persons in that behalf on the said steamers by or on behalf or under the direction of the postal authorities of Canada, or those at the terminal port or ports of call herein referred to, and shall deliver all such mails at their proper destination at the terminal port or ports of call above referred to: and the expenses of carrying such mails from the post offices or railway stations to the steamers and from the steamers to the post offices or railway stations at the terminal ports and at the ports of call shall be borne by the contractors, who will be subject to all general and special regulations now or hereafter existing during the continuance of this contract in connection with the postal service. For the conveyance of all such mails no payment shall be made or required over or beyond the amount of subsidy herein mentioned or provided for.

Accommodation for Mails.

The said steamer shall be provided with sufficient and convenient accommodation and protection for all such mails, to the satisfaction of the Honourable the Postmaster General of Canada for the time being, and the contractor shall further take all reasonable and necessary precautions for the protection of such mails, while upon the said steamers or while in the contractor's charge or custody, from loss, damage or injury, in any way, and the contractors shall be responsible for any loss or damage thereto caused by negligence or want of proper care or accommodation on the part of the contractors, their agents or servants or on the part of the officers, employees or crew on board the said steamers, and this without regard to any question as to the legal liability of the Postmaster General to the owners of the articles of mail matter contained in such mails for damage or loss sustained in transit.

Definition of term "Mails."

The expression "mails" for the purpose of this contract shall be deemed to mean and include all boxes, bags, baskets or packets of or containing letters, post-cards, newspapers, parcels, books, or printed papers, and all other articles which under the Post Office Act and postal regulations for the time being in force are transmissible by post in Canada, without regard to place either of origin or destination, and also all empty bags, empty boxes and other receptacles, stores and articles used or to be used in carrying on the post office service, or which shall ordinarily be sent by or to or from the offices.

No Letters except H. M. Mails to be Carried.

The contractors shall not, nor shall any of their agents or servants, or officers or crews of the said steamers receive or permit to be received on board of the said steamers any letters for conveyance other than those contained in His Majesty's mails, or which are or may be privileged by law, nor the mails of any other country, except such as are specified by the Postmaster General of Canada for the time being.

Government officials to be carried Free of Charge.

The Honourable the Postmaster General of Canada, or the Honourable the Minister of Trade and Commerce for the time being, or any inspector or officer of the Post Office Department or the Department of Trade and Commerce, who may in the execution of his duty travel in the said steamers, shall be carried free of charge.

Proper accounts to be Kept.

The contractors shall keep full and proper accounts of and in connection with the working of this service, and shall keep such accounts separate and distinct from any other accounts of or connected with other branches of their business; and in any contingency which, in the opinion of the Minister, may render such a course necessary, the contractors shall allow any officer or officers named by the minister free access to such accounts and all books, papers and documents connected therewith.

Substitute for Disabled Steamers.

It is understood that if the said steamer shall be by peril of the sea or other unavoidable casualty, lost, destroyed or temporarily disabled from performing the voyages herein agreed to be performed according to the true intent and meaning of these presents, the contractors may in such case as soon as reasonably may be, having regard to the circumstances, replace the said steamer by another of equal class, speed, equipment, character and capacity to the satisfaction and approval of the Minister in

case the said steamer has been only temporarlily disabled, and continue the service herein contracted for with such substituted or repaired steamer with as little delay as possible under all circumstances.

Freight and Passenger Tariffs—Proof of Performance of Service to be Furnished.

The contractors shall carry on each steamer running under this contract, according to its capacity, on all voyages, all the freight and passengers which may be reasonably offered or obtained, and at tariff rates, both as to passengers and freight, which may be from time to time approved by the Minister; and the contractors shall furnish to the Minister such documents, information and evidence as may be required by the Minister, to show the volume, extent and value of the trade carried on by the said steamer, and such customs certificates, documents and evidence as may be necessary or as may be required by the Minister to prove the performance of the service herein contracted for, and to enable the Minister to judge as to whether this contract is being carefully and faithfully carried out and performed and the furnishing of such certificates, documents, information and evidence, as hereinbefore specified, shall be a condition precedent to the payment of the subsidy herein provided for or any portion thereof.

Deductions from Subsidy—Time-tables to be furnished—Docking Disabled Steamers.

Provided, however, that it is the true intent and meaning of these presents that no amount or instalment of subsidy shall be payable or be paid at any time, unless it appears to the satisfaction of the Minister that up to the time of such instalment becoming due, as herein stipulated, the service herein described and defined has been fully and faithfully performed, and that all provisions and stipulations as to freight and freight rates and dates of sailing have been in all respects faithfully observed and carried out, according to the true intent and meaning of these presents; and it is understood and agreed to be a further condition of these presents that the contractors shall at least two weeks prior to the first sailing under this contract furnish to the Minister time-tables showing the proposed sailings, and upon the same being approved by the Minister, they shall be duly advertised in such manner as he may direct; and it is also agreed that in case either of the steamers herein named, or a substituted steamer sanctioned by the Minister, does not sail from a terminal port as herein specified within of the date fixed by such time-tables, there shall be deducted from the amount of subsidy payable for such voyage a sum equal to one-tenth of the amount otherwise payable for the performance of such voyage, and so in proportion for further delays or failure to sail from such terminal port. Provided, however, that the Minister may authorize any vessel to sail either at an earlier or a later date than that specified in such time-tables should he for any reason deem it advisable to do so; it being understood and agreed that, in the event of any of the said steamers being at any time so disabled as to be obliged to be docked for repairs, the failure to perform the terms of this contract owing to such accident and for the time reasonably occupied in the repair of the damaged steamer, shall not be taken as a default or breach of the stipulations of this contract, or subject the contractors to deductions as above from the amount of this subsidy, if any, payable for any voyage delayed in consequence of such docking for repairs, but there shall be no claim for, nor payment of any subsidy in respect of any voyage not actually performed.

Freight and Passenger Rates to be Approved by the Minister.

(Inserted in contracts for ocean services only.)

The contractors shall at least three weeks prior to the first sailing under this contract, furnish to the Minister a schedule of the freight rates proposed which

schedule shall be subject to the approval of the Minister, and after being approved by him shall not be changed except with his consent; and the Minister may at any time, if he deem it advisable, fix the maximum rates to be charged between the different ports, on both east and westbound trips, on any article or class of goods, and the contractors shall carry betwen the ports hereinbefore named, on all voyages of the said steamships employed under the terms of this contract, all passengers or freight that may be offered or that can reasonably be procured, at rates which shall not be in excess of such maximum rates as fixed by the Minister, should he deem it advisable to so fix such maximum rates, and in no case shall any discrimination be made as regards rates, or otherwise, directly or indirectly, against Canadian merchants, or shippers, who shall always have precedence for their freight and goods over all other merchants and shippers; and it is agreed and understood that the freight rates on eastbound trips, sailing from or as hereinbefore provided, on through bills of lading from any place in the provinces of Ontario and Quebec, or from any Canadian points farther west, shall in no case be greater than from the same place to *via* any United States route or port; and on the westbound trips the rates from to any place in Ontario or Quebec, or other Canadian points farther west, shall be as favourable as *via* any United States route or port to the same place; and it is further understood and agreed that the said steamers shall not carry between the ports of or and aforesaid, on any voyage run under the terms of this contract, either deals or lumber or timber to a greater extent than fifty per cent of the total quantity of the cargo carried on such voyage and such quantity only in case other Canadian products are not offering or cannot be obtained. Provided, however, that in the event of other cargo not being obtainable, satisfactory evidence of the fact being furnished to the Minister, then the contractors shall be allowed to make up the balance of the cargo with deals, boards or timber.

Publicity of Tariff Charges.

The freight and passenger rates charged by the contractors over said route may at any time be required to be approved of by the Minister, whose decision shall be final, and the said freight and passenger rates shall be made available at all times to the public at the head office and the agencies of the contractors.

Calls at Foreign Ports.

The steamer employed in carrying out the provisions of this contract shall not on any of its trips call at any foreign port not specified in this contract.

Carrying of nitro-glycerine or dangerous articles.

The contractor shall not convey or permit to be conveyed in any steamer while employed in this service any nitro-glycerine or any other article which in the opinion of the Minister shall be considered dangerous.

Subsidy subject to Vote of Canadian Parliament.

It is conditioned, declared and agreed that the payment of subsidy, as hereinbefore stipulated, is subject to the amount specified being provided for the purpose by a vote of the parliament of Canada, and that if no amount is voted for the purpose, or if any amount voted has become exhausted in payment thereof, and no further sum is voted for the purpose, this contract or agreement shall terminate and become void and of no effect, and the party of the first part shall not in consequence be held liable to damage.

Minister's Right to Terminate Contract.

It is declared to be the true intent and meaning of these presents, that the Minister shall have the right at any time during the continuance of this contract, upon

30 days' notice in writing to the contractors, their successors or assigns, to terminate this contract, and every matter and thing herein contained, if it shall appear to the Minister that there has been any breach on the part of the contractors, their successors or assigns, of any of the covenants, agreements, stipulations or provisions herein contained and entered into on the part of the contractors; and it is declared and agreed that the Minister shall at all times be the sole and final judge as to whether there has been any such breach, and his decision shall be absolute, final and conclusive.

Assignment of Contract.

This contract shall not, nor shall any right or interest therein be assigned without the consent in writing of the Minister to such assignment having been first obtained.

Canadian Members of Parliament not Admitted to Share in Contract.

It is a condition of these presents that no member of the House of Commons of Canada shall be admitted to any share or part of this contract or agreement nor to any benefit to arise therefrom.

Changes in Contract.

The minister may authorize any change or changes in the terms of this contract as may not be consistent with the vote providing for the payment of the subsidy.

Minister to be final judge as to full carrying out of contract.

The minister shall at all times be the judge as to whether the terms of this contract have been or are being fully and faithfully carried out and complied with within the true intent and meaning thereof, and his decision in that respect shall be binding, final and conclusive.

Towing.

No towing shall be undertaken by the vessel performing the service specified in this contract, if such towing might interfere in any way with the regular performance of said service, except for the purpose of saving life or assisting vessels in distress, or performing other work of great importance, without the permission of the minister first having been obtained.

Transportation of Trade Commissioners.

(Inserted in contracts for ocean services.)

The Canadian Trade Commissioners and their wives, children and servants, or Canadian Commercial Agents, shall be granted free transportation, meals included, with first-class accommodation and free transportation for their household effects, upon any steamships employed by the contractors in the performance of this contract when requested so to do by the Minister, and when the said Commissioner or Commercial Agent is travelling upon his official duties or being transferred from one official post to another.

Government Railway Clause.

(Inserted in contracts for Atlantic ocean services.)

It is hereby agreed by the contractors that as the aid herein expressed and provided for by the Canadian Government is for the express purpose of encouraging the development of Canadian trade and the transportation of Canadian goods through Canadian channels the Company accepts the aid on these conditions, and agrees that all freight booked or carried by the said steamships from a port in the United Kingdom and during the time these make Halifax or St. John their terminal port, shall,

when not otherwise expressly routed by shippers or consignees, be delivered to the Canadian National Railways at Halifax or St. John for shipment to final destination in Canada, provided tht the rates demanded by the Canadian National Railways shall not be in excess of the rates charged by any other railway company from said ports to final destination in Canada.

(*a*) Contractors are to hand over to the Canadian National Railways at Halifax passengers for points in the Maritime Provinces or the Province of Quebec, providing the route of such passengers is controlled by the contractors and that they are not otherwise routed. It is further agreed that the contractors through their agents in Canada shall see that they have all such freight for export as may be secured by them for a port in the United Kingdom at which the subsidized line may call delivered to the Canadian National Railway at Montreal.

Calls at Government Wharves.

(Inserted in contracts for local services.)

In consideration of the subsidy herein stipulated the contractors agree to call at all Government wharves when such is practicable and when such wharves are available.

Handling of perishable products.

(Inserted in contracts for Atlantic ocean services.)

The handling, loading, stowing and unloading of any fruit or perishable products carried by the said vessels shall be subject to and under the supervision of any cargo inspector or other officer appointed for that purpose, should the Minister of Agriculture for Canada deem it advisable.

EXPLANATORY NOTES.

In this report, throughout, the term "Imports" means "Imports for Consumption."

The term "Entered for Consumption" is the technical term in use at the custom-house, and does not imply that the goods have been actually consumed in Canada, but that they have passed into the possession of the importer and that duty has been paid on that portion liable for duty.

The value given for goods imported is the fair market value thereof when sold for home consumption in the principal markets of the country whence and at the time when the same were exported directly to Canada.

The term "Canadian Produce" includes all imported articles which have been changed in form or enhanced in value by further manufacture in Canada, such as sugar refined in Canada from imported raw sugar, flour ground from imported wheat, and articles constructed or manufactured from imported materials.

The term "Foreign Produce" applies to the exports of foreign goods which had been previously imported.

The value of "Canadian Produce" is its value at the time of exportation at the ports of Canada whence shipped.

The value of "Foreign Produce" is the actual cost of such goods.

In this report, the tables of imports and exports at the several ports of entry indicate that merchandise of the value stated was *entered inwards* or *passed outwards* at the ports mentioned, but do not imply that the imports were all for consumption at such ports or that the exports originated there.

The initials N.E.S. mean "not elsewhere specified."

The initials N.O.P. mean "not otherwise provided for."

The expression "Ton" means two thousand pounds, and "Cwt." one hundred pounds.
